New Type Sharpener Usable in Fields Will Sharpen Mower Blade While on Bar

A new type of hay mower blade sharpener which makes it possible to sharpen the ordinary mower section right in the field without even removing it from the cutter bar, thus saving time and labor and making it possible to cut more hay faster, has been placed on the market by the New England Carbide Tool Company, Inc.

The black tip of this new type mower blade sharpener is made of carbide cemented carbide, hardest metal commercially available. Mower blades can be sharpened quickly and easily in the field with this sharpener.

The sharpener consists of a steel shank one-half inch square and about 5' long, chrome plated against rust and having rounded edges so that the tool can be carried safely in the pocket. The tip which does the actual sharpening is made of ultra-hard carbide cemented carbide metal, which is attached securely to the steel shank.

To sharpen mower blades with this "carbide tipped" tool, the edges of the blade to be sharpened are uncovered. The sharpener is held in the hand, palm down. The carbide tip is placed on the mower blade at about a thirty-degree angle, and drawn from back to front on the blade three or four times. This produces an extremely sharp edge. Any small burr which may develop on the blade may be removed by drawing the carbide tip across the bottom of the blade.

Horses Are Dangerous

Never approach a horse without speaking to him.

As a rule, farmers do not consider horses as especially dangerous animals, yet they account for more accidents of a serious nature than any other farm animal.

According to the National Safety Council, approximately three times as many accidents occur with horses as with any other farm animal. Farmers should always be cautious around these animals, the NSC continued. One phase of this precaution is a thorough check in the spring of all equipment to be used on or by horses, particularly harness.

Only strong harness should be used and these should be inspected regularly and kept in good repair. Dry leather has low tensile strength and it should be cleaned with mild soap and warm water and treated with oil. Attention to equipment such as neck-yokes, tongues, singletrees, double-trees and eveners is also very necessary.

The NSC suggests that many serious farm accidents can be prevented by following these simple rules:

Never approach a horse without speaking to him. When cleaning a stall, making no sudden movement. Enter the stall on the left side of the horse. When driving or leading horses, never wrap the lines around body.

Male Youngsters Drink More Milk Than Girls

Results of a recent study should be of interest to dairy farmers. The study revealed that teen-age boys drink more milk than teen-age girls. Eating habits of school boys and girls, 15 years of age and over, in both city and rural high schools were studied for three days.

It was found that 39 per cent of the boys and only 22 per cent of the girls drank a quart a day.

Bluebirds for Color

676

LOOKING for a bluebird? Let these bring color and cheer to your kitchen towels. Even the youngsters will love embroidering them.

Designs every needlewoman knows will be effective. Pattern 676 has transfer of 6 motifs 3 1/2 x 7 1/2 inches. Send 20c (in coins) for each pattern.

It's NEW! It's wonderful—our Needlecraft Catalog. Send fifteen cents for illustrations of newest designs that beginners find easy, experts prefer... crocheting, knitting, embroidery, toys, dolls, household and personal accessories. Free pattern printed in book.

Sewing Circle Needlecraft Dept. 564 W. Randolph St., Chicago 50, Ill. Enclose 20 cents for pattern.

DDT Increases Yield Of Clover Seed

William Meinholz of Dane county, Wisconsin, increased his yield of Ladino seed by one-third when he dusted it with 40 pounds of 5 per cent DDT per acre. Meinholz reports dusting gave better results than spraying (one pound DDT in 100 gallons of water per acre), while Henry Perry, Jefferson county, reported an increased seed yield of 76 per cent in red clover with the use of the spray.

MUSCLE STRAIN?

SORETONE Liniment's Heating Pad Action Gives Quick Relief!

When fatigue, exposure put misery in muscles, tendons and back, relieve such symptoms quickly with the liniment specially made for this purpose. Soretone Liniment contains effective rubefacient ingredients that act like glowing warmth from a heating pad. Helps attract fresh surface blood supply.

Soretone is in a class by itself. Fast, gentle, satisfying relief assured or price refunded. 50c. Economy size \$1.00. Try Soretone for Athlete's Foot. Kills all 5 types of common fungi—on contact!

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (35 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
