I. V. Teachers Visit Bottle House

Tuesday afternoon, April 5th, after school some 20 members of the Illinois Valley Teachers' Association drove out to the E. J. Wilber "bottle house" to view the amazing array of bottles which Mrs. Wilber has been collecting during the years. She informed her guests that she began the collection when she was only seven years old, but the "bottle house" was not established until 1939. Bottles there are of every shape and size, from nearly all sections of the world, some with very interesting histories, which Mrs. Wilber recorded for the benefit of her guests.

From the bottle house the guests proceeded to the Wilber home to view the just as amazing collection of buttons Mrs. Wilber had on display, as well as Mr. Wilber's ingenious carvings of animals, all done by himself out of native woods; then out to the grounds, where Mr. Wilber pointed out his 17 varieties of trees.

After this rare treat, arranged by Mrs. Irene Cribb, program chairman, the members of the association drove back to Todelope cafe, where a most welcome dinner awaited them. The tables were very attractive, the Easter spirit prevailing in the decorations, under the supervision of a capable committee composed of Mesdames Harry Smith, Herbert Watts, and E. A. Williams. Huge bouquets of daffodils and forsythia, supplied by Mrs. Smith, added to the beauty of the decorations.

At the conclusion of an excellent dinner, a short business program was held, Mrs. Mabel Ballard presiding.

Selma News Items

(By Mrs. Fritz Krauss)

At the last meeting of the D. C. D.'s at the home of Mrs. Margie Simington, new officers were elected: Chairman, Thelma Blue; Vice-Chairman, Margie Simington; Secretary, Flora Sandell, and Treasurer, Violet Hansen.

Miss Rizzpah Douglas, H. D. A., gave an interesting lesson on care and repair of electrical equipment.

The next meeting May 12, will be at the home of Mrs. Frank Amer and the lesson will be on buffet meals. Installation of officers will also be held.

The William Veal family has moved back to Colorado.

Mr. and Mrs. Swearingen of Klamath Falls were visiting in the Valley Monday. Mrs. Swearingen will be remembered as Katie Pyle or Katie Christy and lived on the property where the Gordon Whites now live.

Jack Plumlee has been very ill with pneumonia, and his mother came up from Fresno, Calif., to visit him and his brother Glenn and their families. Jack returned to Fresno with his mother for a visit.

Mrs. W. E. Kelly, of Everson, Washington, spent several days here calling on former friends, and visiting her brother Vern Black and family. The Kellys left Selma about two years ago.

Mr. and Mrs. George Blue and children have moved to Merlin, but came back to spend Easter with the Pete Blue family.

Friday the Third grade pupils and their teacher, Mrs. Claude Keyte, went to Jacksonville for Oregon history.

The rest of the school children had a party with Bonnie Brown at the home of her parents, Mr. and Mrs. Floyd Breedlove.

Don't forget "Almost Eighteen" May 6th

Want to Get Rid of Your Baldness? Buy a House!

LONDON, ENGLAND.—The case of a man whose baldness was cured by acquiring a house was reported in the Practitioner, a British medical journal.

Dr. F. F. Hellier, dermatologist, wrote that "the essential cause of alopecia areata (patchy baldness) is psychological."

"A patient of mine revealed that he was 'fed up' at living in his mother-in-law's house. No doubt there were deeper conflicts lurking in his subconscious, but the acquisition of a new house cured his depression and his alopecia."

4-H CLUB NEWS OF GENERAL INTEREST

The 4-H Forest Helpers under the leadership of Mrs. Beasie Watts met Tuesday at Kerby grade school.

George Morey of the Redwood Forest Service, was guest speaker. He brought specimens of local trees for club members to identify, e. g., Douglas Fir, Sugar Pine, Ponderosa Pine, Knob Pine, White and Incense Cedar and White Oak. He gave members helpful suggestions on ways of distinguishing the many varieties of the Conifer family. Blister rust, its effects on the forests, and blister rust control were discussed.

Following the lecture the group accompanied by Mr. Morey, Mrs. Watts and Mrs. Cross took a short field trip, continuing the identification of native trees. A vote of thanks was extended to Mr. Morey for a very interesting and educational afternoon.

The Kitchen Kids had their meeting April 19 with Patty Sue Kellar, Lo Vina Steffens making blanc-mange, Patricia Farmer and Jackie Strahkirch baked custard. Mrs. England is our leader.

What is a Lake?

Fish are a crop; a lake is an aquatic pasture, community-owned and frequently overstocked, a condition that can cause poor fishing quite as much as understocking.

BEN GEORGE! Who is he? Why he's the agent for Farmer's Insurance group. See him about that car insurance at Smith's Feed & Seed, Cave Junction.

COMMENDATIONS

"The audience reaction to "ALMOST EIGHTEEN" was very gratifying. From all reports it is one of the best plays ever presented at Ormsby Village. The thing about the play that impressed me most was its picture of youth and its natural humor.—Miss Christine Sauer, Ormsby Village School.
