**BOY'S AND GIRL'S  
SCOUT ACTIVITIES**

Troop No. 20, Boy Scouts of America, will hold regular meetings at the American Legion hall on Tuesdays at 7:00 p. m.

Come out next Tuesday and help us organize into two units. All boys over 14 years of age will be Explorer Scouts and those from 11 to 14 will be Regular Boy Scouts. There are 51 boys now registered in Troop No. 20.

Two carloads of Girl Scouts went to Grants Pass last Friday and recorded a skit at KUIN which will be broadcast November 1st at 8:45 p. m., and the Scouts express their thanks to Mrs. Tracy Cross for helping with the transportation.

Girls of Troop No. 3, will attend church next Sunday in honor of Girl Scout week.

Regular troop meeting is Friday, October 28th at 6:45 p. m., at which time a short meeting will be held, then the troop goes to the Legion hall where they will be entertained by Troop No. 93 at a Hallowe'en party. All are to be in costume if possible.

Brownie Troop No. 81 met recently at the Legion hall with nine girls, one Brownie helper and the leader present. Work was on posters and making stocking dolls. Light refreshments were served. Last Saturday the Troop met at the Legion hall. Leader Mrs. Harms was unable to be present and Mrs. Thelma Blue substituted for her.

Ethel Sullivant, Brownie helper, is reading the group a Brownie story. Dolls and posters will be on display at Martin's Dry Goods store during Girl Scout Week of October 30 to November 5th.

The Troop would like to have more girls between ages 7 and 11 joining and anyone interested is invited to the meetings which are held each Saturday afternoon from 2 to 4 p. m. in the Legion hall.

The monthly meeting of the Girl Scout leaders and committee members was held last Tuesday at the home of Mrs. Barnette Smith of Kerby. The new district chairman, Mrs. Thelma Blue, presided.

A luncheon was enjoyed at the Kerby school cafeteria. Plans were discussed for an all Scout get

together during Christmas. Mrs. Rose Cook and Mrs. Marjorie Hopkins, the Girl Scout executive council, were here from Medford and Brownie training was offered during the afternoon.

**Hallowe'en Mulled Cider  
Made With Many Spices**

For use as a Hallowe'en party treat, here's the recipe for hot mulled cider.

You will need: 1 gallon cider; 1 cup sugar; 1/2 teaspoon ground allspice; 1 teaspoon ground cinnamon; 1 teaspoon whole cloves;

and 1 eight inch cinnamon stick. Directions for making: Tie spices in small cloth bag about 6 inches square. Add sugar, spice bag and cinnamon stick to cider. Heat 20 minutes at a temperature below boiling. Lengthen or shorten cooking time to suit your taste since spicy flavor increases with longer cooking.

Serve hot in tea cups or punch cups.

GET YOUR HALLOWE'EN Doughnuts and Candies at Bad-den's Bakery.

**Dodge Offers 356 Truck Models in New Line**

Largest truck offered by Dodge in the new line comprising 356 basic models is this VA-130 model with a rating of 23,000 pounds gross vehicle weight, and 40,000 pounds gross combination weight. This model is offered in five wheelbases. It has a 331-cubic-inch engine, sodium-cooled exhaust valves,

silent helical 5-speed transmission with overdrive in fifth available, cyclebonded brake linings, a new electrical system which assists in improved engine performance, steel spoke wheels which reduce unsprung weight and improve brake cooling, and many other new features.

**New Dodge "Job-Rated" Trucks for every purpose**

Among the many new features announced on the New B-2 Series are: An electrical system which assists in improved engine performance, a new 5-speed synchro-shift transmission, a new 5-speed synchro-shift overdrive transmission, cyclebonded brake linings as standard equipment on all models, and a steering column gearshift and a convenient hand brake under the center of the cowl on 1/2, 3/4 and 1-ton models. One completely-new engine is among the seven offered in the new line.

Important engine features which provide long life and reduce operating costs are the use of four piston rings with the top ring chrome-plated, exhaust valve seat inserts, and silchrome exhaust valves. The new engine is of 306 cu. in. displacement and develops 122 hp at 3200 r. p. m., and replaces the previous 115 hp engine. There are many other wonderful features developed in these new trucks. It will pay you to inspect them at
