Fire Permits To Burn Outside City Limits No Longer Necessary

Permits are no longer required for burning either scattered slash or piled brush according to a report received from the State Forest Patrol by the Redwood Ranger Station. Due to the heavy rains received during the past 2 weeks, the ban on burning has been lifted. However, care should be exercised while burning since the owner of the property on which the burning is done is still liable for any damage to adjacent property due to the spread of the flames.
