Our dogwood will soon be in bloom. Do you know the legend of this beautiful tree?

THE LEGEND OF THE DOGWOOD TREE

At the time of the Crucifixion, the dogwood tree was as large and strong as the oak, and was chosen as the timber for the Cross.

To be used for this purpose distressed the tree, and Jesus, in His pity, promised: "Never again shall you grow large enough to be used for a cross. Henceforth the dogwood tree shall be slender and twisted; its blossoms in the form of a cross. . . . two long and two short petals. At the edge of each petal there shall be nail prints; in the center of the flower, a Crown of Thorns. And this tree shall be cherished as a reminder of My Cross."

So it has been, and the springtime flowering of the dogwood has remained a symbol of Divine Sacrifice and the triumph of Eternal Life.
