

# CHURCH NOTES

**CAVE JUNCTION COMMUNITY CHURCH**  
 George H. Gray, Pastor  
 Sunday School at 10 a. m.  
 Morning Worship at 11 a. m.

A special Easter program was presented by the Sunday school, with the various departments participating. The service included song numbers by the primary and beginning groups, a recitation by Herbert Chamberlain and a solo, "The Calvary Road," by Paul Sherier. A very effective feltogram lesson was presented by Mrs. Sherier, assisted by a number of young people. The lesson portrayed the different scenes in the last week of the life of Jesus, the crucifixion and the resurrection with its joyful ending.

The service was concluded with the dedication of infants, those of Mr. and Mrs. J. P. Cox and Mr. and Mrs. Walsh. Sunday school attendance, including visitors, was 240. Decorations, under the direction of Mrs. Marvin Cross, were unusually attractive with flowers used throughout the auditorium. The large white cross was garlanded with greenery, and above it were written the letters "He Is Risen" in gold.

For the morning service Rev. Gray took as his theme "The Meaning of the Resurrection," with a place prepared for those who love and serve Him. Mrs. Chamberlain and Mrs. Sowell sang a duet, "Willing to Take the Cross" and a special anthem was presented by the choir, "Christ Arose." There were many visitors in attendance, as well as a good turnout of the regular members.

Announcement was made again of the coming meetings of the week April 25 to 30, when Rev. Wallen will be present to bring the messages. Preparations are well underway for the success of this week's meetings.

Next Sunday afternoon at 2:30 o'clock, the monthly Singspiration will be held, and a large attendance is expected.

Two circle meetings were also scheduled for this week, with the Redwood circle meeting with Mrs. Brown at Willadora on Wednesday afternoon. Special Easter features will be part of the program, and plans will be made for a dessert luncheon on May 10. The Town circle will meet today (Thursday) in the afternoon at the church parlors.

Next Sunday evening Mrs. Art Drews will preach at the church service.

**CAVE JUNCTION CHURCH OF SEVENTH DAY ADVENTISTS**  
 Pastor—J. Apigian  
 Sabbath School .....9:30  
 Church service .....11:00  
 Prayer meeting Wednesday.

**CATHOLIC CHURCH**  
 Father Kelly  
 Cave Park Motel  
 2nd and 4th  
 Sunday of each month.  
 12 o'clock noon

**BRIDGEVIEW COMMUNITY CHRISTIAN SCIENCE CHURCH SERVICES**

"Are Sin, Disease and Death Real?" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, April 9.

The Golden Text was: "In the way of righteousness is life; and in the pathway thereof there is no death" (Prov. 12:28).

Among the citations which comprised the lesson-sermon was the following from the Bible: "The Lord is good to all; and his tender mercies are over all his works" (Ps. 145:9), together with

the following correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christian Science reveals God, not as the author of sin, sickness and death, but as divine principle, supreme being, mind, exempt from all evil."

**ASSEMBLY OF GOD - Kerby, Oregon**  
 Rev. D. B. Wantland, pastor  
 Sunday School, 10 a. m.  
 Morning Worship, 11 a. m.  
 Evangelistic Service, 7:30 p. m.

Easter Sunday services brought a blessing and inspiration from the sunrise gathering to Sunday school, worship and the evening service. In spite of fog, a good number gathered at Proctor's Hill to enjoy Easter singing, music and the message.

At ten o'clock, the boys and girls, mothers, fathers and many visitors crowded the church to enjoy the special program of the Sunday school. Attendance reached 122, exceeding the goal by 22.

Rev. Wantland's message on "Life" and the power manifested in God's life as given to the believer, stirred all to seek the "abundant life."

The evening service was climaxed with the message given by Rev. Burt Allbritton of Klamath Falls. The message, entitled "God's Abundance," emphasized God's abundance toward the sinner and to the Christian in his "abundant pardon." Further, he spoke of God being able to do "abundantly above all we can ask or think."

**WORD OF THE DAY**

More than ever before the public school system is playing a vital part in upholding the high standards of living that our country has today. We as De Molays, should do everything possible to help maintain these standards. In doing so we must uphold the public schools to the best of our ability.

In the United States we have more luxuries in the average home than anywhere else in the world. For instance, the average American family has a car, refrigerator, furniture, clothes and above all good food. Why do we have such high standards of living? I believe that we should all thank the school systems for this. In most countries where low standards of living exist illiteracy and lack of education are predominant. We must never let illiteracy overcome our great country, if we wish to continue to live as free Americans.

The world of tomorrow will require an even more educated population than the world of today, because of the ever increasing advancement in atomic research. It is my confirmed belief that if the school systems are ever controlled by a government, church or any other political organization, that the world of tomorrow will never exist for us. The super human being that Hitler tried so miserably to create failed. It is a good example why the nation should never control the minds of the youth in any country.

So as Americans and De Molays let us strive to support and uphold the public schools and proving NOT ONLY TO THE people of the world but to ourselves, that the American way of life is the most prosperous way in the world.

AL JENNY  
 —THE SENTINEL

**Parents Responsible For Child's "Traffic Training"**

"The way your child walks, runs and plays may well determine his future—or lack of it," Captain Walter Lansing, head of the state traffic safety division, warned Oregon parents today.

Captain Lansing reported that more than one-third of the state's pedestrian casualties in 1949 were children under 15 years of age. He declared inadequate safety training and poor example on the part of parents is responsible for a large share of child accidents.

"In more than three-fourths of their accidents, the youngsters were playing in the street, running into the street, or jaywalking. And in far too many of these cases, the child had never been taught that what he was doing was dangerous," the safety official said.

He urged that parents constantly impress the following rules on their children, remembering they are more impressed by example than by words:

1. Streets are for cars—not scooters, tricycles or play.
2. Cross a street only at the corner, preferably one with a stop sign or signal. Look both ways, then for the turning traffic, and cross only when the way is clear.
3. Always walk—never run.
- 4.—Remember that bicycles are

**Over 200 Attend Rambler's Easter Egg Hunt Sunday**

Over 200 children and adults attended the Easter egg hunt held Sunday, April 9, by the Rough and Ready Ramblers.

Winners in the hunt included Dell Marshall, first prize, and Roxie Ann Jones, second, in the "little tots" group. In the larger children's race, Bobby Jean Rosenberry won first and Dennis Johnson, second. Adult winners were Larry Farmer, first, and Dave Waters second.

Other entertainment Sunday included a "tag game" on horses by a group of Junior Ramblers. Practice day for the Junior Ramblers will be Saturday, April 15, at 11 a. m.

The Ramblers wish to thank all those who assisted with the Easter egg hunt, and especially those merchants who helped with the prizes.

A meeting of the group was also held last Friday, and plans were made for the celebration of the opening of the bank. The next meeting of the Ramblers will be Friday, April 21.

**Job's Daughters Hold Card Party**

A small crowd, but one that enjoyed themselves immensely, gathered at the Masonic temple in Kerby Friday evening for games of canasta and pinochle. The affair, which was sponsored by the Job's Daughters, was a success although so few attended because the sale of tickets justified the effort put out by the girls.

Prize winners included Miss Carol Burr and John Smith, high in canasta; Mrs. Helen Loban, low. Winning in pinochle were Mrs. Maurice Sauer and Harry O. Smith, high and Mrs. H. Covington, low. Cake and coffee were served as refreshments.

The next regular meeting of the Kerby Bethel, Job's Daughters, will be held April 17. The girls invite all parents, Masons and members of the Eastern Star to their meetings.

**Gun Club to Practice Shooting on Sunday**

Sippy Covington, secretary of the Illinois Valley Gun club, has announced that the club has acquired a trap, targets and some ammunition, and is all ready to go into business.

There will be a meeting at 10 a. m. Sunday at the crew house of the Redwood Ranger Station. After taking care of necessary business, the club will adjourn to a suitable spot and set up the trap for some shooting. All members are urged to attend and bring their shotguns. New members are still being accepted.

subject to the same rules and regulations governing automobiles, including careful observance of signs and signals.

"Parents can't ignore the fact that, sooner or later, Junior is going to have to be cut loose and sent into traffic alone," Captain Lansing declared. "It's time we quit laying the blame exclusively on the shoulders of the motorist, the child's immaturity, and fate. Parents must accept their responsibility for teaching self-reliance in coping with today's traffic."

**Take the Wheel of the JOHN DEERE "M"**

**It's TOPS in It's CLASS!**

Take the John Deere Model "M" through its paces and you'll agree—it's tops in its power class.

Touch-o-matic hydraulic control, the wide selection of Quik-Tatch working equipment, unsurpassed operator comfort, wide adaptability with speeds from 1-5/8 to 11 M.P.H., and unexcelled ease of servicing are just a few of its outstanding features. See us for full details.
