## REVIVAL MEETINGS IN C. J. WELL ATTENDED

(Continued from page 1)

Europe nor would Europe be united by any other power.

On Tuesday evening Evangelist Apigian traced the history of the Christian world from the time of Christ to the end of time as foretold in Revelations, showing how the four horses denoted eras of the Christian church by their color. The white horse represented the purity of the early church; the red horse the time when the church rejected the Gospel of Christ. Then the black horse which was the symbol of the dark ages, and the horse that was pale as death which represented those who died rather than give up their belief in Jesus. Then on the Christian Reformation, beginning with Martin Luther and on to the Lisbon earthquake of 1775, the dark day of 1780 and the falling of the stars in 1833, which events were prophesied several times in the Holy Bible as signs of the return of our Lord Jesus Christ to the earth, all being fulfilled in due order. Then touching on the seventh seal which is not as yet opened, the coming of Christ.

Both lectures showing the infallibility of the word of God, the Holy Bible, history itself proving that the writers of the bible were inspired by God to prophesy things that were to come which actually took place in the order they were given.

Camp Cesspool and Septic Tank Conditioner works on a new and proven principle. It starts septic action immediately. It corrects the chemical structure of the material in the cesspool or septic tank. It feeds the bac-

teria and they work and reproduce by the millions to convert sludge into liquid. If your cesspool or septic tank is too small for your requirements, use Conditioner and see results.
