Christian Science Churches

"CHRIST Jesus" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 4.

The Golden Text was, "In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him" (1 John 4:9).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For there is one God, and one mediator between God and men, the man Christ Jesus" (1 Tim. 2:5), together with the following correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus represented Christ, the true idea of God" (p. 316.)
