Illinois Valley H. E. U.

The Illinois Valley H.E.U. met on January 8 at the home of Mrs. Clifton V. Lackey on Caves highway. A large attendance tasted and learned to prepare vegetables the new and interesting way. Leaders Eda Scott and Maxine Nielsen prepared broccoli Marjorie Newman glazed carrots, Mae Nevitt made a spinach and cheese fondue, also boiled cabbage in milk, and Gladys England made hot German potato salad. These ladies explained the recipes.

Miss Saida and Mr. Mata talked about the chest x-ray unit and the schedule planned for the Illinois Valley from the 15th to the 26th of this month. The goal is for all of the people to take advantage of this free program. Folders have been mailed to most residents, and the times and places of the unit's appearance can also be found on posters about the Valley, and elsewhere in this paper.

It was reported that people are beginning to fill in accident cards for home accidents. It was again emphasized that it is important to fill out one of these cards whenever an accident occurs in the home.

The project lesson for February is cleaning rugs and upholstering. The time and place of the next meeting will be announced later.

The weather did not keep 34 ladies home from this meeting, and the sponsors hope for another good attendance at the next one.

The junior choir sang a special number. Rev. Kroon used John 8:36 for his text, the subject being "If the Son therefore shall make you free, ye are free indeed." CHURCH OF CHRIST

Preaching every Sunday morning at 10:30, communion services immediately following at our church house just south of J. S. Bedingfield's residence on the cemetery road. Everyone is cordially invited.

CHRISTIAN SCIENCE CHURCH

A period of silent communion with the congregation kneeling was included in the order of service in all Christian Science churches, Sunday, January 13.

The Golden Text for the semi-annual Lesson-Sermon on the subject "Sacrament" was from Psalms (24:3, 4), "Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands, and a pure heart."

Among the citations read by the First Reader from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, were the following lines: "Simply asking that we may love God will never make us love Him; but the longing to be better and holier, expressed in daily watchfulness and in striving to assimilate more of the divine character, will mould and fashion us anew, until we awake in His likeness" (p. 4).
