Prayer meeting Wednesday.

Elder Don Gray, district pastor, was in charge of the church services this week. The topic of his sermon was "What is the Answer to the Present World Situation." The only possible answer is the second coming of Christ in the very near future. Elder Gray used as his scripture Isaiah 11:21.

Announcement was made of the meetings to be held five nights a week. Elder urged everyone to attend and bring their friends with them. He said that the person bringing the most people would receive a gift. At the first meeting the gift for the young people was won by Edith Haggerty and Mrs. Howard Kramer won the adult prize.

The young people held their meeting Sabbath afternoon with the subject being "Magnify the High Calling of Your Christian Service."

A class in church history has been started, with eight persons enrolled.

In behalf of higher standards for television programs, the Cave Junction Seventh-day Adventist church will feature TV in its Saturday forenoon service as a medium for religious and educational advancement.

The congregation will contribute toward the maintenance of the denomination's telecast "Faith for Today."

"Religion cannot expect to hold its own in television without putting more into it than sermonizing," church leaders said in announcing the special program to be observed in all Adventist churches in North America. "An attempt has been made by the church to make a genuine contribution to television as well as to further its own interests, and the result has been a telecast that dramatizes real-life problems and gives practical solutions."

The program here will help to extend coverage of the telecast, which now reaches 10 leading eastern and midwestern cities through the American Broadcasting company chain.

CHRISTIAN SCIENCE CHURCH

THE demand for purity of purpose and Christian love, one for another, was brought out in the Christian Science Lesson-Sermon entitled "Man" on Sunday, March 9. The Responsive Reading, alternating between the First Reader and the congregation, included these verses from Psalms: "Blessed is the man that feareth the Lord, that delighteth greatly in his commandments. Unto the upright there ariseth light in the darkness: he is gracious, and full of compassion, and righteous" (112:1, 4).

Included among the citations from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, was the Sixth Tenet of The First Church of Christ, Scientist: "And we solemnly promise to watch and pray for that Mind to be in us which was also in Christ Jesus; to do unto others as we would have them do unto us; and to be merciful, just and pure" (p. 497).

Birthdays were celebrated by Joanne Wantland and Judy Yarbrough. Joanne was also reported to have read the most Bible verses.

Mrs. Yarbrough and Mrs. Caldwell's children were dedicated to the Lord's service by the pastor.

This team is well known for its unusual and beautiful percussion music. Over a ton of equipment will be used, and a special truck-trailer is used to transport it. The large triple octave chimes create a lot of interest because they are one of very few sets in existence today.

The Wallaces have a beautiful set of Swiss hand bells imported from Europe recently. The marimba and electric vibraharp complete the list of percussion instruments.

Mrs. Wallace is well known for her vibraharp arrangements and will play four of the large instruments. Mr. Wallace, in addition to playing the bells, chimes and organ, will bring a poetic and scriptural background to the program. Laura Hamilton, pianist of the Chicago conservatory will also appear.

Only the familiar hymns will be played. The public is cordially invited to attend. Although no set admission price is asked, a free-will offering will be taken.
