AU REVOIR

With this issue, Vol. XIV No. 49, we bow out as publishers of the Illinois Valley News. Dick and Joan Pinkerton will take over on April 1, 1952.

In the 115 issues we have published (Good Heavens, so many?) we have made many errors of omission and commission. None intentionally, of course. Within the twenty-four hours allotted us in each day we have worked as long and as hard as possible in the effort to bring the Valley a good newspaper. Our shortcomings have been in ability and available time, not in intention.

We have made many fine friends in our two and one-half years in this community, and a few enemies. We are proud of both. The people of the community in their turn have shown that they appreciate the value of a newspaper and have cooperated with us splendidly. Without this help our job would have been impossible, and we are most grateful for the understanding, sympathy and aid which you extended to us. We know that this same assistance and inspiration will be available to our successors.

We may travel far but the Valley will always be "home" to us — this is where they grow the finest people in the world.

READ AND STUDY

In the last two weeks did you listen to the news broadcasts on your radio and news analyst broadcasts at various hours too?

Have you tried to analyze how this news and these comments affect your living and your taxes?

Have you thought that some of your tax money may have been wasted in these scandals and corrupt practices which appear in the news daily?

Do you wonder how you could do anything about it?

Your right and duty is to vote, so take a little time and study the news and vote the way you think is best.

If you are not registered to vote, do so with Mrs. Elwood Hussey, in Cave Junction, or Mrs. Harry Floyd in Holland.

It is just as necessary that you study national, state, county and local questions and candidates.

Listen, Study, Register and Vote. Every vote counts.

IVHS 1952 Yearbook Will Total 200 Copies

Work on the 1952 edition of the "Trailblazer", Illinois Valley High School yearbook, has been progressing steadily throughout the year. After the election of the staff in October, advertising was sold by several members of the staff in the Illinois Valley and Grants Pass. Funds from advertising will completely cover the cost of the annual along with subscription funds.

The photographer has made three trips to IVHS for the purpose of group and individual pictures which will make up the greater part of the yearbook. Actual work of making up the annual began after the first pictures were received. This work is being done under the immediate direction of Editor Kathy Phillips and her first assistant, Virginia Fuller. Faculty advisor is Miss Josephine Hoesley.

Annual sales were conducted by Louise Horner and Charles Floyd. Enough subscriptions were received to warrant an order of 200 annuals to the printer.

Written materials are being prepared by Mildred Beard and her staff of typists and writers. Layout work is being done by all members of the staff and others, including Roberta Hilliard, Virginia DeMerseman, Marilyn Masters and Dolores Saffer.

The present edition of the "Trailblazer" is nearing completion under a rigid work schedule. It is planned that all materials will be completed by April 4. Meeting this deadline will insure delivery by May 20.

Milton Dunham and son Jonathan are sick with pink eye.

4. Stir Standard Aluminum Asbestos Coating thoroughly and apply with roofing brush.
5. Use long, easy strokes. One or two strokes over a given spot cause the material to flow out to a natural thickness. Further brushing results only in "balling" of the coating.

Standard Aluminum Asbestos Coating actually adds years of service to roofs. Call us about it today. We'd like to show you the service that has helped us grow in this locality.
