Religious Film to Be Shown Here May 21

"Hidden Treasures," latest religious-science film of Moody Institute of Science, will be shown at the Cave Junction Community Church on Wednesday May 21, at 8 p. m. and at the Selma Baptist church Thursday, May 22, at 8 p. m.

The MIS cameramen risked life and limb to capture some of the unusual scenes. Their adventures took them all the way from dungeon caves to an exploration aboard the Hancock Foundation's research ship.

Among many strangely beautiful scenes, the camera reveals minute flowers, a hundred times smaller than the smallest rose; strange microscopic denizens of the sea glassed-house plants called diatoms; iridescent cave crystals; paramoecia, minute animals with cilia; and the clownish amoebae, which look like animated ink blots forever changing shape.

May 18 Designated 4-H Club Sunday

Sunday, May 18 has been designated 4-H Club Sunday and local leaders and clubs are to attend church in a body.

The Cave Junction Community Church together with Rev. Paul Kroon, pastor, is planning a special service for the occasion.
