Forests Closed To Hunters

All forest land west of the Cascades has been closed to hunters as of midnight last night (Thursday) according to word received Thursday afternoon by the Illinois Valley Ranger Station and contrary to a story on Page one.

According to Ranger Bowerman "forest areas" would include all land not under cultivation but capable of growing forest products.

The closure affects only hunters and fishermen, and does not include loggers and stockmen.

SELMA GRADE SCHOOL NEWS

The annual Pie Social and Kid-die Carnival is now history. The proceeds of the social, which exceeded \$600, are used to support the hot lunch program sponsored by the Selma PTA.

There were well over 200 people to enjoy the fishpond, dart game, grab bags, candy sale, and ring toss games.

Carl Jacobsen won the correct guess on the beans-in-a-jar.

The highlight of the evening, with Tom Breazeale as auctioneer, started with the spirited bidding for the "junior" division of "young ladies" pies. "Fifteen, twenty, twenty-six cents, one dollar (the limit in the children's division) going, going, gone to the boy with the dollar," was the language of the evening.

We wish to thank the merchants of the Valley and of Grants Pass for the prizes which accounted, in a large measure, for our success. We also thank the people who gave both their labor and generous support to the festival.

TRIM YOUR COSTS 3 WAYS WITH DODGE TRUCKS

"Dodge is by far the lowest cost to operate!"

"We keep complete individual records of each of our trucks and have found that Dodge is by far the lowest cost to operate. In fact, our Dodge costs us .6 of a cent less per ton-mile to operate than our next closest truck! This difference must be the result of Dodge's many economy features.

"Furthermore, we've found that our Dodge 'Job-Rated' truck will haul a full load of sand or gravel up hills that several of our other trucks won't take. Our next truck will be a Dodge."
