

It will be found this fall, as usual, that the crops are not so short as prophesied.

The United States army is relentless in its pursuit of the high cost of living. According to figures given out by Gen. Smith of the quartermaster's department it costs almost three times as much to feed an American soldier today as it did in the Spanish-American war. The cost in 1898 was 12.51 cents a day. Now it is 32 cents.

All the world opposed to abolition is rallying about Old Glory. Thousands of Filipinos have offered their services to the government. Porto Rico is furnishing large numbers of recruits for the army, the enlistments including natives and Americans who have settled in the island since the Spanish war. Aguinaldo, once a troublesome foe of the United States, is a peaceable resident of the Philippines, and was a liberal purchaser of Liberty bonds. The Cherokee Indians, formerly wards of the nation, subscribed for a big batch of the same securities. Last, but not least, ex-Queen Liliuokalani of Hawaii, who long remained bitterly "unreconstructed," has declared her loyalty to the United States and her uncompromising hostility to Prussian militarism, and has had the Stars and Stripes raised over her home.

Even if the present editor of the Enterprise had no other reward for the labor which he has been doing, the notice taken of his incumbency of the job by various of the newspapers throughout the state would almost make him feel it to have been worth while. Fortunately however he is not compelled to take his pay entirely in this sort of thing. This is perhaps as good a time as any for him to say that the folks in Halsey have been mighty good to him and the Enterprise since he came here, and while the paper could carry more business very nicely—and the business manager could use more cash without becoming liable to a charge of being overpaid—he is disposed to feel pretty well satisfied. This is preliminary to reprinting a mention appearing in a recent issue of the Albany Democrat, which while it is probably not entirely deserved is nevertheless acknowledged with thanks:

"D. H. Talmadge, formerly of Salem, has joined W. A. Priaulx in the publication of the Halsey Enterprise. Mr. Talmadge is a first class printer as well as an able writer and the new combination should produce a product that no doubt will be pleasing to the people of that rich section in which the paper circulates. Mr. Talmadge has had many years experience in the newspaper business."

Constipation and Indigestion

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere.

INSTRUCTIONS FOR

THOSE DRAFTED

Penalty Heavy for Those who Fail to Answer Call

Information Bureau, Portland, Oregon.

Portland, Oregon, July 25.—Within a few days official lists of the draft serial numbers, showing the order in which they were drawn in the lottery at Washington, will reach the various county exemption boards. Following receipt of these lists, the board will notify the men called up on the first draft.

Until then it will not be necessary for those subject to call on the subject to call on the first draft to report. But as soon as they receive notification from their boards, they must report promptly on the day designated.

The first step taken by each board will be to post in a conspicuous place a list containing the names of all the men registered in its county or district, in the exact order in which they will be called on the first and all succeeding drafts. A copy of this list will also be given the press for publication.

Let it be emphasized again that this list will have not only the names of the men to be called on the first draft, but of every man registered, in the order in which he must be called. No person whatsoever has any authority to change this order.

Having posted this list and given a copy to the press, the board will then notify by letter every man called up on the first draft. Each man will be directed to appear before the board for physical examination on a specified date, which will be within seven days of the mailing of the notice.

Failure to receive this notice will not be accepted as an excuse for not appearing on the day set. The burden of appearing when he is called is on the man himself; there is a heavy penalty for failure to answer the call.

Remember, that regardless of whether a man intends to apply for exemption or discharge, he MUST appear for physical examination on the day set. He has seven days from the posting of the list and the mailing of the notice to him by the board in which to file application for exemption, and 10 more days in which to file proof.

And remember again, that no claims for exemption because of employment in necessary industries, including agriculture, can be considered by your county exemption board.

Such a claim must be made to one of the three district appeal boards, at Portland, Eugene or La Grand. It can only be made AFTER the man has passed his physical examination and been certified by the county board as called for military service and not exempt.

After you have appeared before your county exemption board and passed the physical examination it will be some time before you will actually be called out to join the army. You will be notified when it is time for you to report for service.

The union service next Sunday evening will be at the Christian church. Bro. Cain will deliver the sermon.

HALSEY ENTERPRISE

MAKES CLUBBING ARRANGEMENT WITH

THE OREGON FARMER

Offers Unusual Opportunity To Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with **THE OREGON FARMER** whereby any farmer or fruit-grower, who is one of our regular subscribers and who is not now a subscriber of **THE OREGON FARMER**, will be entitled to receive **THE OREGON FARMER** in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
