The Halsey Enterprise

An Independent Newspaper.

PUBLISHED EVERY THURSDAY

W. A. PRIAULX, Publisher
D. H. TALMADGE, Editor

Entered as second-class matter October 3, 1912, at the post office at Halsey, Oregon, under the Act of March 3, 1879.

Devoted to the material upbuilding of Halsey and surrounding country and Union county generally. Subscription rate \$1.50 per year in advance.

Let us hope that 1918 will become forever memorable as the last year of the great war.

Among other very creditable Christmas editions which reached this office was that of the Tualatin Valley News, published at Sherwood.

Formal announcement was made last week by Senator E. D. Cusick of Albany that he will be a candidate for the Republican nomination for state treasurer in the May primaries.

George H. Baxter, formerly owner of the Junction City Times, has suspended the publication of the Creswell Chronicle to accept the management of the Gardiner Index, and Creswell is without a newspaper.

We reckon that Deputy Sheriff Joe Frum is going to be a candidate for sheriff. Not satisfied with having accomplished single handed the most sensational criminal capture in recent years, he has now knitted a sweater for the Red Cross, also single handed.

Prefers Chamberlain's

"In the course of a conversation with Chamberlain Medicine Co.'s representative today we had occasion to discuss in a general way the merits of their different preparations. At his suggestion I take pleasure in expressing my estimation of Chamberlain's Cough Remedy. I have a family of six children and have used this remedy in my home for years. I consider it the only cough remedy on the market, as I have tried nearly all kinds."—Earl C. Ross, Publisher Hamilton County Republican-News, Syracuse, Kan.

390 Members in Halsey

Oregon has gone "over the top" with 240,000 new members of the American Red Cross. This is more than 30 percent of the entire population of the state. It is probable that the final returns will bring this figure to 250,000 members.

Unofficial reports from division headquarters at Seattle indicate that Oregon's record in the membership drive is ahead of that attained by any other state in the union.

Halsey has 390 members, considerably more than her quota, which result is a credit alike to Captain H. C. Davis, his efficient helpers and the entire community. Linn county as a whole is considerably under the 100 percent mark.

Morrow county leads the state with 175 percent.

Local and Other News

Russia's effort to make peace in haste may be repented at leisure.

Albany has a new speed cop, appointed yesterday. His name is Charles Brown. He will not carry firearms.

Frank Kirk went to Portland last night.

How is this for an advertisement? It was found in a New England paper: "Wanted—A steady, respectable young man to look after a garden and care for a cow who has a good voice and is accustomed to sing in the choir."

Three church bells, all ringing to full capacity, greeted the new year in Halsey.

Mr. and Mrs. McLaughlin and Mrs. Fellers, of Albany, were New Year's day guests of Mrs. Greenhalgh.

Are Your Sewers Clogged?

The bowels are the sewerage system of the body. You can well imagine the result when they are stopped up as is the case in constipation. As a purgative you will find Chamberlain's Tablets excellent. They are mild and gentle in their action. They also improve the digestion.

Offers \$650--No Takers

Editor Enterprise:—Some feeble minded person, pro-tightwad or pro devil, has started a report that some of the members of the local Red Cross organization have been lunching at the expense of the Red Cross. Such a statement a pro-German would not be silly enough to make, and for the benefit of the friends of the Red Cross I will state plainly and so all can understand it—it is a lie originated in some diseased brain. Each captain and each committeeman paid his share, \$1.70 per. As to the Red Cross being a "graft," there is \$650 to be had from responsible people for the proof that the Red Cross is a "graft." So, Mr. or Mrs. Wise Guy, come through with your proof and get some easy money for your knowledge, or brand yourself as a weak-minded gossip.

Are you saving your one-third of sugar? Every American is asked to cut down his use of sugar one-third, so that there may be plenty for the men at the front and for the stricken people of Europe.

To Warn Future Kings.

Premier Venizelos has announced his intention of placing a marble plaque in the chamber of deputies, where future kings may see it when they take the oath of office, warning them against usurping the rights of the people, writes an Athens correspondent.

He says that when he is in London, and visits the house of commons, he observes at the entrance to Westminster a conspicuous plaque reading: "Here was beheaded Charles I. King of England, for having usurped the liberties of the people of England." Whenever a king now goes to Westminster to open or close the work of parliament he passes directly before this plaque, which has served for 200 years to warn British kings not to trench on the rights of the people. Following this precedent, M. Venizelos will inscribe on the plaque in the chamber here: "King Constantine lost his throne for twice dismissing the parliament elected by the people and imposing his personal policy on the people, while the dismissed parliament returning to power upheld the constitutional institutions of the country."

Airmen's Food.

In order that airmen may be supplied with hot food, it has been suggested that airplane builders provide well cases to hold vacuum bottles of preheated food.

A Good Plan.

"Her husband lets her have her own way in everything."
"It's a good idea."
"It is. She doesn't want to do half as many things she used to when she thought he was going to object to her doing some of them."

Christian Church Notes

At the morning church service last Lord's day one of our own girls, Goldie Wells, preached on the New Year's theme, using the familiar parable of the sower. She emphasized making use of all opportunities to do good. In the evening Brother Hendricks preached his New Year's sermon. Mrs. Robnett sang.

For the first Sunday in the year the sermon topics will be "The Law of Liberty" and "Sufficiency of the Gospel." Special music.

The C. W. B. M. will meet Jan. 8. Mrs. Karl Bramwell will lead.

Sister Goldie was with us at the C. E. as well, and gave us advance news on the contest among the Endeavors of our church, to close at the Turner convention. This contest will apply to the society as a whole and to the individual members. She is state president of the C. E. in our church. Others of our former members were with us, Gladys Wells and Victoria Soderstrom helping in the meeting.

"I was glad when they said unto me 'Let us go into the house of the Lord'."

Chloroform and Uniform.

There sure never was a more self-important lieutenant than Smathers. One day off parade he remonstrated with Private Spudlock for some trivial reason, and the old soldier resented the unjust dressing-down.

"You think you know army matters better than I do?" barked the bumptious officer, superiorly.

"Well, I don't know, sir," he drawled; "but I reckon I've been in chloroform as long as you've been in uniform."
