Are You Eating To Win the War?

This Newspaper recommends
Today's Housewife to every patriotic woman
who wishes to help win the great war

Today's Housewife is especially needed by every homemaker in the present war-crisis, because the seven Courses in Domestic Science now running in the magazine help housewives to better select, prepare and conserve food supplies, to cut down waste, and at the same time to add to the health and welfare of the entire family.

Today's Housewife is the only magazine that maintains a model home where cookery recipes, new household devices, cleaning methods, etc., are put to practical tests before their appearance in the pages of the magazine.

The monthly lesson on "Cookery, Foods and Nutrition" under the direction of Caroline Hunt of the Department of Agriculture, is alone worth the price of a ten-year subscription not only to the woman who follows each lesson but to the government of the United States in helping to win the terrific war with the Central Empires of Europe.

Favorite Magazine of Home-loving Women

REMEMBER, better home-making is the ideal back of TODAY'S HOUSEWIFE, its reason for existence, its earnestly planned-for goal. Better home-making in its largest sense, with the spiritual and mental no less than the material needs of the family in view; home-making as the biggest of woman's opportunities rather than house-keeping as the most dreary of woman's drudgeries.

While Today's Housewife stands in a class by itself in its practical value to homemakers, it is also noteworthy for its wonderfully inspiring editorial and special articles, for its clean, delightful stories, and its beautiful illustrations and covers by leading artists. Over one million women agree that TODAY'S HOUSEWIFE is worth several times the price of 10 cents per copy.

SUBSCRIBE AT OUR OFFICE

You can save 45 cents by subscribing by the year through us instead of buying single copies. Call at our office and examine the current issue or mail your (new or renewal) subscription to us at once. Remember, a year's subscription for only 75 cents for the magazine that would be cheap at \$1.50.

SUGAR CONTROL SAVED MILLIONS

American Consumer Profited by \$180,000,000—French Situation Helped.

HOME PRICE HELD AT 9 CENTS.

This Nation's Sugar Supply Reduced to Seventy Per Cent. of Normal. Java Stocks Unavailable.

Sugar control has saved the American public \$180,000,000, Herbert Hoover, United States food administrator, declared the other day.

He pointed out that sugar was selling for 11 cents a pound last August and that it would have advanced to 20 cents a pound, with the world shortage as a stimulus, had not the food administration secured the co-operation of the refiners and wholesalers and fixed a sugar price that today enables housewives to buy sugar at from 8½ to 9 cents a pound.

"Every 1 cent raise in sugar from September 1 to January 1 means \$18,000,000 to the American consumer," Mr. Hoover said. "Numbers of gentlemen will tell you that 20 cent sugar would have prevailed and the public robbed of \$180,000,000 this year if we had not taken these actions." Later Mr. Hoover called attention to the fact that uncontrolled sugar advanced to 35 cents a pound during the Civil War.

France Got Our Sugar.

Today the American public has been allotted 70 per cent. of its normal supply. Before the war the average annual household consumption here was 55 pounds a person. In England the annual consumption during the war is 24 pounds, and in France each person is allotted a little over one pound a month.

"In August the French government found itself unable to maintain even this ration," Mr. Hoover declared. "An appeal was made to America. France needed 100,000 tons. We agreed to fill this demand and up to December had shipped 85,426 tons. In the meantime an appeal was made to the American public to reduce its sugar consumption, and requests were made to distributors to supply the confectionary and sweet drinks trade with 50 per cent. of normal supply. This has been generally followed, although such regulations were voluntary, as the food administration had no authority to impose them."

Domestic Price is 9½ to 9 Cents.

Retail grocers throughout the country are supposed to take a profit of no more than 50 cents a hundred—half a cent a pound—on sugar. By reason of food administration regulations, binding refiners and wholesalers, the retailer is able today to buy sugar at from 8 to 8½ cents a pound. This enables him to sell to the housewife at 8½ to 9 cents a pound.

There have been some violations of the sugar rulings. Mr. Hoover said recently: "Sales of sugar from 16 to 20 cents per pound have been reported and followed up vigorously and stopped and is evidence itself of the prices at which consumers would have been mulct had we not intervened. We have forfeited wholesalers' licenses in aggravated cases, and we have issued warnings to first offenders in a great many instances through our local administrators."

Effect on Military Situation.

American sugar stocks could be filled to normal very soon if ships could be sent to Java, where 250,000 tons of sugar is waiting for shipment. But the shipping situation is so acute that the nation cannot spare the eleven ships needed to transport this sugar. It would take the boats one year to haul 250,000 tons. In the same time they could be used for transporting 200,000 soldiers to France.

The food administration believes that the American public will diminish its sugar consumption by 10 or 15 per cent. when it is made clear that such sugar saving is a patriotic act and when it is understood that there are plenty of sweeteners available to take the place of sugar, such as honey or corn syrup.

Are You One of Them?

There are a great many people who would be very much benefited by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence.

Remember, you can get the Oregon Farmer for one year absolutely free by paying a year in advance for the Enterprise.

Save wheat, sugar, meats and fats. It may mean a return ticket for the boys in France.

Keep cheerful.
