During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F. P. Scott, Scottsville, N. Y., states, "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results."

The Oregon Power Company announces that commencing September 1st the discount which up to this time has been allowed for the prompt payment of electric light and power bills will be discontinued. The Company in common with everyone else is struggling with increased expenses. Wages, salaries and all other operating expenses have increased at a very heavy rate and the Company has for some time contemplated an increase in rates. This they hope to avoid. The cost of labor and material has increased during the past five or ten years, but the Company has reduced its rates during this period, so that everyone could use electricity. The expenses of the Company have suddenly increased. A small part of the increased expenses can be met by discontinuing this discount and the Company proposes to try this before asking for an increase which they hope will not be necessary.

Last year's auction sale season was a record breaker. This season there will be more sales than ever. Ben T. Sudtelt cried 46 sales last season. From Sept. 3 to Oct. 6 he cried a sale every day. A great many were disappointed by not dating early. Ben announces your sale in 7 leading Linn county papers, beside one state paper, having a combined circulation of over 20,000 readers, which is worth something to the man who engages him. If you are in the market for anything write him and he will see that you get a sale bill of every sale he handles. If you are thinking of having a sale, do business with the auctioneer who does the most business. There is a reason. Write him or, better still, phone him before it is too late at Halsey, Ore. (Adv.)
