

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

They are calling to YOU from "Over There" GIVE WHAT YOU CAN

Whatever Your Question—be it the pronunciation of a new name, the spelling of a puzzling word, the location of a place, the meaning of a technical term, the location of a business, the meaning of a technical term, futurism, aircraft, Diesel engine.

Reassuring.
The accident had happened and the victim lay comfortably at the hospital and was beginning to take notice. After an inventory of himself he found nothing had strayed or was loose. His lawyer came in.
"Say, Smith," began the victim, "do you think I'll recover?"
"Recover? Why your case is good for \$15,000 if it's worth a cent."

Filling a Need.
"Does your husband play golf?"
"Yes."
"Then I'm sure you will be interested in this set of 38 volumes I am selling. It will help to while away many a lonely hour."

WHAT HE THOUGHT OF IT.

"Is this the fastest train on this line?"
"It's the limited, sir."
"Well, it's the limit, all right."

Truth Crushing.
"Truth crushed to earth will rise again," said the poetry quoter.
"Yes," replied Senator Sorghum; "but sometimes she gets up so late that in important train of thought has gone on without her."

Only Why.
"My wife has never once answered me back or wanted her own way."
"How on earth did you manage to get a wife like that?"
"Easily done. I never married."

Christian Church Notes

Sunday morning we were glad to be together in the church services. Brother Leavitt preached upon "Drifting" and "Cities of Refuge." This is near Thanksgiving day, and this year we have even more than ever for which we should thank the Father. Our Pilgrim forefathers first thought that when they were saved from famine, disease and war was to thank God for his benefits. God has given us similar mercies. Let us thank him for his care.

The Christian Endeavors are looking forward to the convention at Albany Feb. 20-23. "All to Albany" is our slogan and no less than EVERY Halsey C. E. member being in attendance will do.

"Remember also thy creator in the days of thy youth, before the evil days come, and the years draw nigh when thou shalt say: I have no pleasure in them."

Now that the flu has fled away there will be regular services both morning and evening on Sunday. Bible school at 10 a. m. Come with a studied lesson and help make it an hour worth while. Preaching at 11 a. m. Endeavor services in the evening at 6:30. Lesson subject, "Count Your Mercies." I Chron. 29:10-14. (Thanksgiving meeting.) Preaching 7:30 p. m.

Sunday, Nov. 24, is Thanksgiving Sunday. It is the day for the offering for American missions. The least any superintendent can do is to give his school a chance to give. An offering will be taken at class.

The C. W. B. M. met at the home of Mrs. Nancy Palmer Tuesday afternoon. Mrs. J. M. Porter led in a very interesting meeting. There were 14 present, including one new member and one visitor.

We are sorry to know of the serious illness of our brother Ralph E. Savage, who is in the general hospital at the Presidio, Cal.

Glady's Wells, who has been very low with Spanish influenza, at latest reports was improving, which we are glad to know.

Mrs. F. M. Maxwell and children, of Coburg, were with us at the morning services Sunday. A cordial invitation is extended to the public to worship with us.

Chamberlain's Cough Remedy
Do not imagine that because other cough medicines failed to give you relief that it will be the same with Chamberlain's Cough Remedy. Bear in mind that from a small beginning this remedy has gained a world wide reputation and immense sale. A medicine must have exceptional merit to win esteem wherever it becomes known.

Don't Hesitate to Ask Questions

Are you doing enough driving with lights off to keep your battery properly charged?
Are you replacing the evaporation, which is always going on, by a proper amount of distilled water?
Are you sure current isn't being lost daily by some defect in wiring or connections?
Does current flow freely?
If you'll stop the next time you see our service sign, we'll be glad to answer as many questions as you can find time to ask.
And don't forget to include an inquiry about the Still Better Wialled with Threaded Rubber Insulation.

TO PREVENT "FLU"

Prof. Pernot, city bacteriologist of Portland, gives the following advice to those who would be free from Spanish influenza: "I am of the opinion that an excellent and safe preventive of the Spanish influenza would be to take nasal douches and gargles twice daily of a weak solution of calcium hypochlorite. There is a very excellent preparation of this on the market under the proprietary name of

'B-K'
This is a very strong solution and could be used in the proportion of 10 to 15 drops of the solution to one-half glass of water. I suggest this because the solution is about 10 times as strong as carbolic acid and is not injurious to the tissues."
