Little John's Wish.

John's mother objects to quarreling and fighting among her children. One day some one described a friend's house as having such heavy partition walls that noise in one room could not be heard in an adjoining room. John said, "I wish our house was like that; then when mamma is in the sitting room and us kids in the dining room get a scrap started, we could fight in peace."

John's mother objects to quarreling and fighting among her children.

Early Morning Exercise.

"Don't roll out of bed like a sailor," says a newspaper doctor. "Stretch the muscles and the legs and abdomen immediately after awakening. Putting on one's stockings in bed is a good way to accomplish this result and reduce flesh." Obviously, to follow these instructions, one should take the stockings to bed the night before. Most of the exercise, then, naturally will consist in finding the stockings among the bed clothes the next morning.

Detects Far-Off Storms.

Using a modified wireless receiving instrument, a French scientist has been able to detect thunder storms more than 300 miles distant.

Are You Satisfied?

BEHNKE-WALKER BUSINESS COLLEGE

Protecting Turkeys From Coyotes.

In certain parts of the West flocks of domestic turkeys on frontier farms are protected from attacks by coyotes by tying small bells to the necks of the gobblers. The tinkle of these bells is sufficient, in most cases, to keep the animals away, while not infrequently unprotected flocks which have wandered far from home are annihilated by the beasts.—Popular Mechanics Magazine.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

"Yankee Doodle."

The tune, or jingle, is very old and the author or authors were of the dim long ago. The tune under different names can be found among the peasant dances and nursery rhymes of England long before 1600. In Ireland in those days it was a jig tune; in Spain a sword dance; in Holland a song of labor and nursery rhyme; in Germany a folk song and dance; in Poland a folk song and dance.

Locust Trees.

The locust tree was one of the first American trees to be taken to Europe.

With the Fingers! Says Corns Lift Out Without Any Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any whole sale drug house for you.—Adv.

If your druggist hasn't any freezone he can get it at any whole sale drug house for you.—Adv.

With the Fingers! Says Corns Lift Out Without Any Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any whole sale drug house for you.—Adv.
