King James Bible.

The most remarkable event of the reign of King James I, who was characterized by the Duc du Sully as "The wisest fool in Europe," was the appointment of a commission to revise the English translation of the Bible, which was completed in 1611. In 1604 this commission was appointed by the crown, and consisted of the most profound scholars of that period, who in seven years completed the so-called King James version.

Scholar Must Work Hard.

Now way has been found for making heroism easy, even for the scholar. Labor, iron labor, is for him. The world was created as an audience for him; the atoms of which it is made are opportunities.—Emerson.

Daily Thought.

Houses are built to live in, not to look on, therefore let use be preferred before uniformity, except where both may be had.—Bacon.

It Can Be Done.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.

He says freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of America's women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezone tell him to order a small bottle for you.—Adv.

Bible's Place in the World.

Bacon furnishes more than seventy allusions to the Bible in twenty-four of his essays. Addison, Johnson, Pope, Young, Browning, Tennyson, abound in Scripture. "For more than 1,000 years," says Coleridge, "the Bible, taken collectively, has gone hand in hand with civilization, science, law—in short, with the moral and intellectual cultivation of the species always supporting and often leading the way."

Where Cats Are Popular.

In some parts of Spanish Guinea there is a constant plague of rats—so much so that the first thing the traders ask the traveler is whether he has brought a cat with him. They will cheerfully barter a sheep for a cat.

His Ultimate End.

The children were discussing a famous soldier, when four-year-old Benny asked: "Who is he, anyway?" "Well," replied wise first-grade Harold, "he's a wonderful brave man now, after awhile he'll be a statue."

Cuticura Comforts Baby's Skin

When red, rough and itching with hot baths of Cuticura Soap and touches of Cuticura Ointment. Also make use now and then of that exquisitely scented dusting powder, Cuticura Talcum, one of the indispensable Cuticura Toilet Trio.—Adv.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is sign you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, also you have backache, sick headache, dizzy spells; your stomach aches, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also
