There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Sunday school, Christian Missions. Go ye into all the world, and preach the gospel to every creature.—Mark 16: 15.

The book of Acts is the foundation of information for the study of the lesson. The earliest missionaries are our examples. Every Christian should be thrilled with a desire to help in the fulfilling of the Great Commission.

There is so much in the words of a solo sang at the church service two weeks ago. May they be written on the pages of our memory and incorporated into the thoughts and deeds of each individual.

MY TASK.

To love some one more dearly every day,
To help a wandering child to find his way,
To ponder o'er a noble thought and pray,
And smile when evening falls,

This is my task.

To follow truth as blind men long for light,

To do my best from dawn of day till night,
To keep my heart fit for his holy sight,
And answer when he calls,

This is my task.

We were highly favored Sunday morning with a solo by Mrs. Harry Hopkins in her artistic contralto voice.

The music committee will see that there is something good on the menu for next Sunday.

The pastor will have something equally good; let us quit our visiting on the sabbath day and go up to the house of the Lord.

The Standard Bearers held a meeting on Tuesday evening at the home of Gertrude Porter. There were sixteen young ladies present. Ida Mitzner had charge of the lesson.

To Improve Your Digestion.

"For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them did I find the right treatment. Since taking them my digestion is fine."—Mrs. Blanche Bowers, Indiana, Pa.

Christian Church Notes

The result of the six weeks' contest shows that the Sunbeams maintained an average attendance of 110 per cent (how can that be?—Ed.) and thereby constitute themselves the banner class of the school. This class is taught by Mrs. Edith Robnett and is composed of boys and girls from four to ten. Have you a "little sunbeam" in your home that does not go to Sunday school? If so, we can assure you that he or she will be brighter and happier for being with our sunbeams every Sunday morning at ten o'clock.

The heat of Sunday morning did not prevent a good number from attending the services of

the church, and, prepared for a small attendance, we were greatly pleased to find so many out to hear Bro. Phillips discourse on the "Second Coming of Christ." We are sure the other features of the service appealed to all, especially the duet by Mrs. Robnett and Mrs. Cross, and we are glad to think that our efforts are meeting with success.

The topic for the service at 11 a. m. next Sunday is "The Unchanging Claims of the Christ," and in the evening there will be the usual good song service and a live sermon entitled, "When the power of God is powerless."

The C. E. hour was particularly good last week and those who were present will want to come next Sunday, and those who were not should come lest they miss a good treat.

Halsey Locals.

L. E. Walton has leased the old livery barn and has converted it into a hay barn.

J. R. Johnson of Portland deputy Labor Commissioner was in Halsey yesterday looking after the safe guarding of machinery.

I. E. White left last Friday for Portland where he was to stay for a few days with his brother-in-law, Mr. Randall. He expected to leave Portland last Monday evening and will arrive at his home in Peoria, Ill. tomorrow evening. He will go back to his job which he has held down 27 years. The country out here seemed to agree with him for he gained thirteen pounds in weight during the thirteen days he was here. He expressed himself as well pleased with the country.

The following item should have been in the last week's Enterprise but was overlooked from some cause or other. We quote from the Harrisburg Bulletin: "By heroic effort the C. C. Jackson threshing machine was saved from destruction by fire Tuesday evening while on the Frank Logan place. What caused the fire is not known but it caught on the interior of the machine and in an instant fire was pouring from all sides. Water was handy and the men with dogged determination put up a fight of their lives and won. To beat a fire in material so inflammable as loose straw and chaff, with a strong wind to fan it, is seldom done. Threshing machines are usually doomed the instant a spark gets loose."

The community sing of last Saturday was the best attended one yet. In the absence of Mr. Phillips the singing was led by Mrs. H. L. Hopkins of Enumclaw, Wash., who was visiting with her sister-in-law, Mrs. F. Porter. Mr. Hopkins also assisted with the program by giving the meeting a few pertinent thoughts on the possibilities of a community hall evidently suggested by the success of this venture and the crowded condition of the school rooms. The program for next week will be in the nature of a surprise, many being asked to provide some item which will not be pre-announced. Come at 8 p. m. sharp.
