EASTBURN BROS. THE CASH GROCERS
ALBANY, OREGON.

CHANGE OF POLICY.

When the Albany Automobile, Truck and Tractor Show was first announced the plan was to give a plain exhibition of motor vehicles. But it was later decided to make the affair the equal to any on the coast, regardless of size, and present an entertainment that will be worth coming miles to see. For this, and other reasons a charge of

25 cents admission

will be made. But you will not only see the finest display of cars, trucks and tractors that you could wish to see any place, but you will be entertained by high class talent.

Henry C Schulderman a Candidate for the Nomination for Secretary of State on the Republican Ticket.

Henry J Schulderman, Corporation Commissioner of the state of Oregon, has announced his intention of filing as a candidate for the Republican nomination for Secretary of State. Mr Schulderman made the following statement: "If nominated for

Secretary of State and elected at the general election, I shall conduct the office on strictly business lines, cutting down expenses wherever possible and securing economy and efficiency as I have done in the office of Corporation Commissioner.

"The Secretary of State is a member of the Board of Control, and as such has many important duties. Should I become a

member of that body I shall exert my influence to conduct the state's affairs and institutions also on a strictly business basis, eliminating waste and extravagance and spending the money raised thru taxation to the very best advantage.

"In submitting my candidacy for the nomination for Secretary of State to the Republican voters, I wish to point to my record in reducing expenses in the office of Corporation Commissioner, to my familiarity with important business matters and to my experience as an executive acquired in the conduct of that office. If the Republican voters will examine minutely my past record and qualifications, I am content to leave my candidacy in their hands."

Mr Schulderman was born in Portland, Oregon, in 1873 and comes from a well-known pioneer family. His mother was also born in Portland and his father, Peter H Schulderman, had lived in Oregon fifty years before his death a year ago. His early education was acquired at the Couch School and the Bishop Scott Academy. After his graduation he entered the University of Oregon Law School and also joined the Oregon National Guards, being a member of Company I, serving his full term and securing an honorable discharge.

After graduating from the Law School, he entered business for a short period becoming manager of the Merchants Express and Transportation Company, operating between Portland and Vancouver, after which he actively began the practice of law.

In 1915 he was appointed Corporation Commissioner to fill an unexpired term and in 1917 he was re-appointed by Gov Withycombe, for a four year term.

Mr Schulderman points to his successful administration of the office of Corporation Commissioner in urging his candidacy. In his first year's administration, he states that he reduced the expenses of the office \$4,000, saving more than his salary, and last year in spite of high costs he conducted his office for less than he previous year.

In 1903 Mr Schulderman and Miss Lutie C Ford, a Portland girl, were married. They have two children. Mr Schulderman has a wide acquaintance throughout the state, is a member of several clubs and societies, and has received many offers of voluntary support in his campaign but will continue to give close personal attention to the duties of his present office.
