

Just Where and How Is the Money to be Spent?

A businesslike Answer to
a businesslike Question

THIRTY denominations cooperating in the Inter-church World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

1 FOR THE CHURCH'S WORK AT HOME. A score of times come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3 FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools, and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.

4 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if faith dies out of the hearts of its youth?

5 FOR THE CHURCH'S WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies in India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

6 PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than \$20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

As the educational work spreads and people become aware of the conditions under which their eyes work and the methods of assisting or relieving them, the ratio of eyeglass wearers will become larger.

"The trembling hour" featuring Helen Eddy and Kenneth Harlin in a big six reel story of a convict who turns straight, returns from war a hero and a victim of a shell shock, finds himself involved in a murder case and proves his innocence in a most amazing manner.

Laughable comedy, Oh! Oh! Nursie.

W A Cummings started 25 years ago to working for A P Maxwell, grubbing stumps for 50c a day. By continual work and economy and attending strictly to business he has now attained 100 acres of land with a good house on it, his recent purchase of 16 acres of the Wahl place putting his holdings up to the 100 mark. We enjoyed the interview with Mr Cummings that elicited the above information.

School Notes

Monday is the Armenian benefit. The chorus girls and the entire chorus are going to sing at the concert Monday evening at the hall. The quartet will sing an original play "The modern courtship of Miles Standish" is to be presented. The High School has a good program prepared. P Waldo Davis, a highly recommended musician, will also help entertain you with his triple toned chimes. Come and enjoy yourself.

The High Schools of Oregon are having a contest to see who can get the most contributions

per capita for the Armenian fund. The prize is a fine football mounted on a tripod. Our part of the concert money is for the Armenians, so with that and the tag money we hope to have a chance at that football for our High School.

The High School took a hike to Muddy Sunday afternoon. We were sorry that many did not go. We plan to take more before school ends.

They have purchased new curtains for the school, and the girls will hem them Thursday afternoon.
