

How much should I give to make this a better world?

A CERTAIN man in New York filled out his income tax report.

It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America—to you—this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

The Neighbors of Woodcraft met in regular session Wednesday the 17th and transacted business with every officer in the chair. After the regular business was transacted they enjoyed themselves with light refreshments.

The State Highway Commissioners with one man absent met at Portland Saturday to discuss the highway proposition whether the highway should be changed so as to connect at Eugene instead of Junction City. The law says it should connect at Junction City, and it is the hope of the Harrisburg people a any rate, that it connects there.

Word comes to us that Ho Fred G Buchtel of Salem, is a candidate for the nomination in the republican primaries for a second term as Public Service Commissioner. During the past four years of his incumbency some of his achievements have been: the adjustment of appraisals which has resulted in the saving of more than a quarter million of dollars to the fruit industry; a reduction of rates on road building materials; and the elimination of many dangerous railroad grade crossings.

Mrs Ida M Cummings was a visitor in Halsey Wednesday, looking after her political fences. Mrs Cummings is ambitious to succeed herself as Superintendent of schools for Linn county. She says the pay is not nearly so much as she could make in other lines of work, but she enjoys it and for that reason would like to continue in the work another four years. As far as we have been able to learn she has made us a good superintendent, and it would be right to continue her in office for four years more. When you go to the primaries put in a vote for Mrs Cummings.

CARD OF THANKS.

We wish to thank the friends for the sympathy and assistance so cheerfully rendered to us in our late bereavement.

Shall We Have A Baseball Team?

Some of the local fans are beginning to wonder why Halsey can't have a base ball team this year. Neighboring towns have had teams during the past year with fairly good success and the same should easily be accomplished here.

Halsey is not lacking for base ball talent, for a little scouting has been done to ascertain the possible timber and a sufficient amount of material is in sight to build up a fairly good team.

Last year Halsey people went away to see games. This year we should give people from other towns a chance to attend games here.

It has been suggested that a meeting should be called in the very near future, for the object of perfecting an organization, and this should be done without delay. The boys are anxious enough to have a chance to play, and the fans are all eager to root for a home team. So let's go.

Let us be one of the many American towns which play the American game this year.

The Monday Evening Entertainment.

At eight o'clock Monday night the city hall was filled to capacity, waiting to hear the program arranged for the evening. The first number was a play.

"The Modern Courtship of Miles Standish" which was written rehearsed and played in one weeks time by High School students.

John Standish and Byron Taylor as Miles Standish and Douglas Fairbanks were portrayed in a scene very much similar to the scene between John Alden and Miles Standish in the Original "Courtship of Miles Standish." But instead of Priscilla, Mary Pickford was the girl courted.

This part was played by Janet Boggs.

Ercell Sneed as Chas Chaplin produced much laughter by his actions and words. (We advise him to go on the stage as a second Chas.)

Lawrence Wells as the preacher is to be praised for his wonderful vocabulary as well as his good deeds done in the play.

Miles Standish was dressed in a military costume of the late war but carried a sword and pistol, while Douglas Fairbanks wore his usual sport costume of white trousers and dark coat with a sport hat under which he wore his usual sunny smile.

Mary Pickford at first was dressed in a house dress, but later, at her wedding, she wore one of satin and lace.

Charlie Chaplin had on as always his loose baggy trousers, loose shoes, derby hat, and carried his walking stick which is necessary for him.

This play although short was played well and we think it was enjoyed by nearly all that were present.

The High School will give a longer play in the near future and we know you will enjoy it so save your nickles and dimes and come.
