Our Sermonette.

As many as are led by the spirit of God, they are the sons of God. Rom 8:14.

This, then, is the guide by which we may know our true position, not only at the beginning of the race, but to the end of it, viz: if we are led by the spirit of God—if that is the direction in which we are following, if that is what we are seeking, then are we the sons of God; he owns and accepts all who have come into him thru Christ, and who are trusting in the merit of the wedding garment, and who continue in this attitude of heart.

The Good Roads Meeting.

Last Thursday night a good roads meeting was held at the city hall, in which the subject of the proposed constitutional amendment authorizing the bonding of the state up to 4 per cent of its assessed value for the interest of the public roads of Oregon was discussed in an intelligent and exhaustive manner.

The meeting was a success, there being about 100 farmers and business men who assembled to listen to the speakers. They were men too, who wanted good roads and were willing to support any measure in the bounds of reason to attain them.

Mr Davis gave an interesting talk on the history and development of the roads of Oregon for the last ten years, emphasizing the needs of the state for this extra forty million dollars in order to complete the main lines of highway such as the Pacific and Columbia highways and to have funds for the building of other roads wherever needed and to meet the appropriations from the government for that purpose, for the government makes appropriations to the different states for road funds, but in order to get the benefit of these appropriations each state must raise a like amount of money.

Mr Schmitt and Mr Hawkins explained and proved conclusively that the proposed forty million dollars bonding will not add anything to our taxes but that the auto and tractor licenses and the tax on gasoline will pay all those bonds principal and interest inside of ten years, and besides having use of these forty million of dollars right away it will make other millions for use as the years go by.

T J Butler in his address confined himself to the road situation in Linn county alone.

At the close of the meeting a straw vote was taken of those present and it was voted without opposition to favor the 4 per cent bonding proposition.

It seems to be the consensus of opinion all over the state that the measure will carry on election day.

School Notes

The school had its picture taken Tuesday. They are all very good. The photographer delivered them to us Wednesday afternoon.

The botany class took a field trip to Muddy Wednesday afternoon. They took their supper with them and planned to have a good time.

The Halsey High School base ball team played the first game of the season with the Shedd High School team at Shedd last Friday afternoon, April 30. All the Halsey High School students attended making the trip in five cars and a truck. Even though Shedd was the victor, the score being 20 to 19, we wish to say the entire trip was a jolly one. Roy Farmer was the only one on either side to make a home run. Perhaps if we play better and yell harder we will win next time.

The Halsey base ball team is going to play a game at home with the Brownsville team Friday, May 7.

The Brownsville High School gave a reception at the South Brownsville High School Monday night, May 3, to which the Halsey, Shedd, and Crawfordville High Schools were invited. Halsey was represented by quite a good number of students.

The reception began by a parade of decorated cars, led by a big white car which carried the May queen, Helen Powell. The parade was followed by a splendid program, consisting of a May pole dance, a number of pretty drills and songs, and some pretty folk dances were given by girls in appropriate costumes. All the numbers on the program showed excellent training. A social hour followed, during which time we played games, toasted marshmallows and ate ice cream. All attending enjoyed themselves immensely.

Oregon Man Leader in Great Religious Program

WILLIAM HIRAM FOULKES.
On the "general staff" of perhaps the greatest alliance of American Protestant Churches in history—the Interchurch World Movement—is a former pastor of Presbyterian Churches in the Middle and Far West: William Hiram Foulkes of New York City.

Vice chairman of the Interchurch executive committee and associate general secretary in its cabinet, Mr. Foulkes still finds time to direct the \$46,000,000 New Era Movement of the Presbyterian Church, which is that denomination's part in the Interchurch program for Protestant cooperation in world-wide missionary advance.

Born in Quincy, Mich., Mr. Foulkes preached in Elmira, Ill., Clinton, Ia., and Portland, Ore., before he came out of the West to become pastor of Rutgers Church, New York City. His nation-wide campaign for aged clergymen, as general secretary for ministerial relief and sustentation of the Presbyterian Church, made known his ability as an orator. In 1916 he was sent to Edinburgh as a delegate to the World's Missionary Conference. He is secretary of the executive committee of the Presbyterian National Service Commission.

Saved Oregon more than Higher Education has ever cost

from its very beginning in Oregon. The College has reduced cost of production, improved quality of product, and helped keep down the pests of farm, garden, orchard and field.

Like the State University and the Normal

it has helped bring school, business, and home into vital contact, and has helped demonstrate that

Higher Education is of direct help to the Country districts

But higher education in Oregon is crippled by great increases in attendance, by lack of buildings, by the fallen buying power of the present millage support, and by the failure of the millage support to grow.

You are respectfully urged to vote for the new millage support bill on May 21, the Higher Educational relief measure.
