ELECTION, MAY 21

STATE ROADS

Vote 302 X Yes For 4% State Road Bond Limit

BALLOT TITLES AS FOLLOWS:

302 Yes CONSTITUTIONAL AMENDMENT—Referred to the people by the Legislative Assembly.

303 No LIMITATION OF FOUR PER CENT STATE INDEBTEDNESS FOR PERMANENT ROADS.—Purpose: To amend Section 7 of Article XI of the Constitution of the State of Oregon so as to permit the creation of debts, and liabilities including previous debts and liabilities for the purpose of building and maintaining permanent roads to the amount of four per cent of the assessed valuation of all the property in the State of Oregon, instead of two per cent as now provided by law.

NO PROPERTY TAX—NO DIRECT TAX NO INCREASE IN AUTO LICENSE FEES NO INCREASE OF GASOLINE TAX

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

FEDERAL FUNDS MUST BE MATCHED

Oregon must have sufficient Highway Funds to match Federal apportionments or Oregon cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is a necessity. Unless limit is increased, either state roads cannot be completed for many, many years, or must be finished by direct property taxation. This measure averts direct property tax for state highways and makes early completion possible. Let's get the roads built now.

Income from Present Sources Sufficient to Pay Principal and Interest.

The fact that revenues from auto license fees and gasoline tax, without increase of present rates, will be ample to pay both principal and interest on these bonds, is clearly set forth by official figures in the State Pamphlet, mailed to every registered voter. Refer to State Pamphlet for verification. Examine the table carefully. It proves that no property tax is required and that present rates for auto license fees and gas tax will redeem principal and interest and yield surplus bonds.

For Interest Tables, Pamphlets or further information, write to OREGON ROADS AND DEVELOPMENT ASSOCIATION W. L. THOMPSON, President, 245 1/2 St. Paul St. C. C. CRIPPS, Chairman Finance Committee, R. 1, 1st St. Campaign Headquarters, 311 Worcester Building, Portland, Oregon.

Paid in Advance.

The first Jewel Production featuring Dorothy Phillips since that memorable photoplay, "Destiny," will be seen at the opera house Tuesday, May 25. The new picture has been entitled "Paid in Advance," and is a story of the fur region of Canada and the Klondike, during the mad gold rush to the Yukon. Allen J. Holubar, who was also director during the production, adapted to screen purposes a notable story by James Oliver Curwood, which tells of the story of Joan Gray, depicted by Miss Phillips, to stay straight after she has been lured to Dawson City, in the Yukon, by Gold Dust Barker, keeper of a Klondike saloon and gambling hell.

Upon Joan is forced the bitter alternative of choosing between Barker and the wicked crowd of men who infest the place. How Joan finds happiness even after she has sold herself in marriage to Jim Blood, a despised outcast miner, known to his associates as the Cur, is told in an enthralling series of dramatic scenes and situations. The picture is replete with scenery of the northwest, and the spectator will be the richer in a knowledge of people and customs during the gold-rush days after he has seen "Paid in Advance."

Several players stand out prominently in the production by reason of their admirable playing. This is to be expected however, in a cast composed of persons who are stars in their own right. Among them is Priscilla Dean, who is cast as Maria, a handsome, jealous half breed. William Stowell, who played the leading male part in "Destiny" and "The Heart of Humanity," plays opposite Miss Phillips, in the part of Jim Blood, the Cur. The scenery itself is of a nature that will make a lasting impression on the motion picture devotee. Among the situations which are characteristic of the rough life of the region and period is Joan's dilemma, caused by the unholy desires of two Canadians, one a half-breed. The great struggle of her life, however, come when she has to make her choice between the crowd and Gold Dust Barker.
