"There's Good Reason for Joy" says the Good Judge

In the Real Tobacco Chew. You get satisfaction. A little of this class of tobacco lasts so much longer than the old kind. And you don't need a fresh chew nearly as often—so it costs you less.

Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles

RIGHT CUT is a short-cut tobacco  
W-B CUT is a long fine-cut tobacco

### Christian Church Notes

Beginning next Lord's day Brother Walker assumes office as superintendent of the Sunday school. Let us therefore be out in force in good time to welcome him and give him a good start in his work. Brother Robertson, who is retiring at his own request, has served faithfully for the last seven years and a sincere vote of thanks is due him from all Christian people who have the welfare of the young at heart.

At the Endeavor hour in the evening the new officers will be installed and take up the duties devolving upon them. Theirs will be a task worthy their best efforts during the summer months and they will stand in need of the co-operation and support of every member. A long pull, a strong pull, and a pull all together will insure victory in the struggle between "summer slump" and the church.

The pastor was greatly cheered by the two splendid congregations of last Sunday, and expressed his appreciation of the attendance and interest of the young people at the evening service. We are more than pleased to have them and to do our best to interest them in the things pertaining to life eternal.

At the morning service next Sunday Brother Phillips will speak of the "Glory of the church." If your faith needs toning up don't miss this sermon.

In the evening at 8 p m John Bridges, Oregon state superintendent of the "No Tobacco League of America" will deliver an address in support of this work. This will be a union service and all who are interested in the promotion of a cleaner America will do well to hear this address.

All the services of the church are open to everybody who has a desire for the things of God. You will always find a warm welcome and receive a cordial invitation to "come again." Come along and help us make this a friendly church.

### The Candy Industry

A new million dollar candy company has been organized in one of our large western cities. A factory will be built and the most improved machinery installed. This will mean another large payroll and many people employed.

Not so many years ago the manufacture of candy was a minor industry carried on in a back room somewhere. Today it is one of the most rapidly growing industries in the country and from a so-called luxury it has developed into a necessary article of diet. There is hardly a grocery store worth the name that does not carry a high grade stock of candies, not merely the old bucket of gum drops and candy beans, but a varied assortment of the finest confections.

The increase in candy consumption from the standpoint of rapid growth is following in the footsteps of the automobile and moving picture industries.
