The democratic convention has met and adopted a platform and nominated candidates for president and vice president and is now a thing of the past. A deadlock prevailed from the very first which continued up to the 44th ballot, but upon the 44th ballot enough votes were cast to nominate Gov James M Cox of Ohio. Franklin D Roosevelt was nominated for vice president. Now it will probably be a hard fight between the elephant and the donkey until the final knock-out blow is given, and which one will give it no man can tell at this date. No matter which one wins, the Enterprise expects to continue doing business at the old stand.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless this inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces of the system. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists.

Christian Church Notes

Last Sunday saw many of our members and friends visiting various places where appropriate gatherings were being held for the "Fourth," nevertheless there was a splendid attendance at the morning service, altho the Bible school fell a little below the average. This should not be the case and we do hope that the members will take to heart the responsibility that is theirs in regard to the religious education of the young. The character of many a maker of history is being moulded today and what will it be, and what record will it leave for future generations if permitted to develop without the essential foundation only to be found in a knowledge of God through Jesus Christ? Let us in duty to the young children, our country and our better selves see that the Bible schools of America do not lack our support and co-operation.

Next Lord's day as usual at 11 a m, when the Lord's table is spread for all who "love his appearing;" this is the Christian's home coming hour and should be a delightful one to every one of us. It must always be a poor Lord's day without the joy of communion with him at his table.

Last Sunday night Johnathan Bridges delivered an address in the interests of the No-Tobacco League which was well received. The services were union and a good audience listened to the discourse. Mr Bridges is a good speaker and gave us many valuable points on the injurious effects of tobacco on the system. He is to speak next Sunday night in the Presbyterian church at Brownsville.

The C W B M will meet at the home of Mrs Pearly True next Tuesday. At that time the election of officers for the ensuing year will take.

C E topic for next Sunday night is "Christian brotherhood among races and nations." Acts 17: 24-28. G H Phillips, leader.

Union services at the Methodist church next Sunday evening at 8 o'clock following the C E at the Christian church at 7. Bro Phillips will speak of "A program that failed." This is one other of the popular series of sermons with a moral for all that our pastor has been delivering. You will want to hear it. Every one welcome. Let us make these union services a helpful part of the community life. It can be done if I help.
