"Yours for Real Tobacco"
says the Good Judge

Men are getting away from the big chew idea. They find more satisfaction in a little of the Real Tobacco Chew than they ever got from a big chew of the ordinary kind.

Costs you less, too—the full, rich tobacco taste lasts so much longer.

Any man who uses the Real Tobacco Chew will tell you that.

Received too late for last week. The Waggener-Quinby-Overton-Miller threshing crew are making good time. If the machine would only turn out more wheat and less cheat, the farmers would be better off.

We believe this crew can boast the tallest man and the shortest in the county. Hurley Overton and Ephraim Terrel make a good average. Hurley thinks Byrd Waggener as engineer has the softest job.

Wayne Robertson is the only city man in the crew. We saw him pull three wagons through a gateway with one team and left both gate posts standing.

Paul Bierly has engaged Mr Inglebretzen to work in his place while he helps the Bowman crew hull his clover.

John Waggener of course is on the job. He has no threshing bill to pay. He presents a bill to the Co instead. No woman, no worry is John's motto. He says he has an old rooster that raised a family of chickens this summer without the aid of a hen.

B M Miller seeks his downy bed at night. No star gazing for him.

Claud Huff and Cecil Quinby shovel the grain.

Mrs C D Huff has been enjoying a visit with her sister, Mrs J L Waggener and her children from Marshalltown, Iowa.

Hiram Bierly went Tuesday to work with the Pearl Leverage threshing crew north of Albany.

Miss Alma Sickels was married July 28 to Mr Chas Hamer of Dayville, Oregon, where she taught last winter.

The new Sickels threshing machine is working fine they say. The crew eat dinner where they thresh and all go home for supper and breakfast.

R A Andrews of Portland, visited his niece, Mrs Albert Waggener, this week.

The following items were received this week.

J P Newby and wife of Marshalltown, Iowa, arrived on the 6 o'clock train Saturday evening to visit his sister, Mrs Claud Huff. A brother and nephew of Geo Walker arrived on the same train. Both parties found their host in a threshing crew. Mr and Mrs Walker are enjoying a visit from their eldest daughter and her children.

Wilson Cary and Mrs Frem Robison entertained a sister and her family from Seattle, Wash. They think we are having very warm weather.

Shedd

(From the Albany Democrat.)

Mrs Clay and her two sons, John and Victor, returned Sunday from a week's outing at Newport.

Mr and Mrs R C Morgason drove to Portland lately to visit Mr Morgason's father.

Mr and Mrs E H Morgason and two daughters, and Mrs Chas Arnold have returned from a three days' outing at the Belknap Springs. All report a fine time.

Mr and Mrs J B Cornett and daughter Vera and aunt Sarah Cornett are camped at the Belknap springs. While there Mr Cornett is busily engaged building bungalows for the proprietor of Belknap springs.

The Penny Winkle machine commenced threshing Thursday Aug 5th. They report that the grain is turning out fairly well.

Mrs O M Thompson went to Albany Thursday to take her two children to the doctor to have their tonsils and adenoids removed.

Some Census Returns.

We notice from the official census returns that East Halsey precinct has 305 residents, West Halsey 505, and Shedd has 535. The incorporated town of Halsey has 339, which is just two more than it had ten years ago.

I suppose those two are the editor and his wife.

There are nine incorporated towns in the county and they all seem to be about the same they were ten years ago, altho five out of the nine have lost instead of gained.

Albany has 4840 against 4275, a gain of 565; Harrisburg has 573 against 453, a gain of 120; Halsey has 339 against 337, a gain of 2; Scio has 300 against 295, a gain of 5.

Lebanon has 1805 against 1820 a loss of 15; Brownsville has 763 against 919, a loss of 156; Sweet Home has 175 against 202, a loss of 27; Sodaville has 72 against 110, a loss of 48; while Waterloo has 82 against 83, a loss of 1 in ten years.

The four places that gained are 692 to the good. The five places that lost are 247 to the bad. A net gain of 445 in the incorporated towns.

At present we haven't the figures at our command to determine whether the county as a whole has gained or lost, but we suppose it certainly must have gained some.

Some of the places have grown in population like a man told us he had gained financially. Rev told us that since he had come to Milton a year before he had about held his own. He said he might have done a little more than hold his own; he said when he came there he was a dollar in the hole, but a year later he was probably two dollars in the hole.
