Christian Church Notes

The first evening service held in the church since the union services was very well attended considering the number of our young people who are away hopping. Brother Phillips brought a message entitled "God in the sermon on the Mount" which was most attentively received. Emphasizing the truth that the great theme of the sermon is our duty toward God, he concluded with the application of the parable of the builders, likening the one who buildeth upon the rock to him who bases his faith upon the "Rock of Ages" rather than on the sands of human opinion.

Next Lord's day the S.S. will meet at the usual hour. The time is not long to promotion and rally day and we should all be busy planning for this annual event. Be on time prepared to assist in the discussion of the lesson and plans.

At the communion service Brother Phillips will be with us and it is hoped that a large audience will be on hand for this first morning service for so long a time. In the evening he has to go to Lebanon, much as it was hoped that last Sunday would end this arrangement, but we are promised that definite arrangements will be made that we may resume our usual order of services the following Sunday. The faith of the church has been tried to the utmost during the past months and but few have failed to make good. There is much work ahead for the winter months and all will have an opportunity to help on to victory for our Lord and Master.

These are stirring times for the kingdom and none of us can afford to shirk our duty. "No man having put his hand to the plow and looking back is fit for the kingdom" said Jesus. Let's all get the forward look.

The Board of Stewards are making the request to all members and friends of the church to pay up all arrears for ministerial support for the year, by Sept 15th and to add at least 10 per cent to the year's subscription to cover a deficit. The end of the conference year is right here and it is our Christian duty one and all to see that our honest obligations are met in full. I every one will make it a point to see the treasurer at once it will lighten somebody's work in taking the trouble to hunt you up.

Dr Marks and Geo Hayes went Sunday to southern Oregon for a few days' deer hunt. we would like to go some time if there was a place where the deer are tired otherwise we could never kill one.

The threshing is nearly all done and some of the crews are in town hunting up booze with which to celebrate. We wouldn't like to report how much they got.
