## JEWETT the COBBLER.

Another week and the 1920 political campaign will be a thing of the past. It has certainly been a quiet affair so far as Halsey is concerned. The whole season through there has only been one political speech here and that was made last Friday by Senator Chamberlain. What has become of the old fashioned republican and democratic rallies and speeches and torchlight processions, and songs and free-for-all fights that have marked presidential campaigns in days gone by? Is it increase in sanity or is it apathy? The editor of one of the local county papers told us he expected to make \$200 out of the campaign this year. That is, over and above the usual business advertising and subscriptions and job work. Did he do it? We doubt it. His paper didn't show it and we know well enough that the Enterprise didn't do it. We got enough matter from each of the old line parties to have made us a thousand dollars if we had printed it and got our regular advertising rates for it, but not a rate did we get and the free literature we got went to make copy paper for what did go in the paper, and we would have been glad to have aired any one's aspirations at so much per air, but only one or two airs did we get. And that big slush fund that the republican party was quoted as having with which to elect Senator Harding, we will freely exonerate them from any accusations that may have been made of having bribed the press or in securing its support any way, so far as the Enterprise is concerned. Both parties wanted lots of boosting, but they didn't want to pay for it. And they didn't get it either in this print shop.

## School Notes

The basket ball girls practiced basket ball last Monday evening. The baskets were put up on the school grounds so they had some good out door exercise.

We have two new students who formerly attended the Shedd high school: they are Collins and William Carver.

The six weeks' examinations are here with their usual causes for worry.

The Girls' Glee Club is practicing for the minstrel show. Last Wednesday evening the girls were taken out to the Straley home for practice and a good jolly time, with lots of candy for refreshments. Everyone declared that they had enjoyed a very pleasant evening.

The minstrel show is to be given Saturday evening, Nov 6 at the hall. The Darktown Belles will sing songs of such forlorn and exceedingly humorous sentiment that your sides will shake with merriment. Everybody come and make your disposition better. A hearty laugh guaranteed every five minutes. Admission 35 and 20 cents. Everybody come and enjoy yourself.

The senior class has sent for their "play" books. The play is to be the "hit" of the season. High School Reporter.

## Christian Church Notes

How much more cheerful everyone was last Sunday. This was partly due to the weather of course, but the splendid in-

crease in attendance at the services was such as to help everybody to be more optimistic. "Nothing succeeds like success" and the assurance of continued success for the cause of Christ as manifested by the additions to the membership of others who are convinced of the possibility of service and the supremacy of the church is such as to add to the joy of all the membership.

Brother Phillips' sermon of the evening was an appeal for more general support of the work of the church which preaches THE gospel, not A gospel, basing his claims upon the well known statement in Romans 1: 16. The gospel he said was the measure for America in her present condition and all who love her will accept and proclaim this message which is "the (only) power unto salvation."

Brother Robertson reports continued success with his class of high school Bible students, "the period is too short" is the comment.

Miss Weltha Trafzer of Eugene, was with us at the evening service.

Topics for next Lord's day are as follows: At 11 a m "The covenants;" at 7:30 p m, "Op-

portunity's barrier." Don't miss either of these.

C E topic: Making prohibition effective. Matt 12: 43-45, Jeremiah 31: 33, 34. Leader Edith Robnett.

Everybody is welcome to all of the services of the church.

### SUNDAY SCHOOL

Hew down the corrupt tree. Every tree that bringeth not forth good fruit is hewn down and cast into the fire. Matt 7: 19.

The world's temperance Sunday.

The text of this lesson is taken from the sermon on the mount. This is the greatest sermon that was ever delivered. We have a picture of two kinds of fruit-bearing trees. The tree of intemperance only bears one kind of fruit; such as murder, theft, quarrels, sorrow and uncleanliness. When a man finds in his orchard a tree that bears nothing but worthless fruit, what does he do with it? What is our duty to God and the world when we find ourselves bearing like fruit?

The attendance last Sunday at all the services was good and

we were favored with two excellent sermons.

Were you present to join in the special songs in the Sunday school? Next Sunday sure.

The prayer meeting on Thursday evening was better attended than usual and we are sure that all who were there were glad they came. We are each one asked by the pastor to bring one more with us for the next prayer meeting. The choir will practice immediately after.

Bro Cook was in Salem Tuesday and Wednesday of this week attending a ministerial meeting called by Bishop Shepherd.

Halsey people will be interested in the following announcement received by friends here from Tacoma, Wash. "Born Oct 18th to Dr and Mrs Chas R McColl, a daughter, Mary Barbara." The happy mother was a former Halsey girl, Catharine Reese.

Next Tuesday is election day and shortly after that many a man will get down from the anxious seat, and even the defeated ones will be glad it is all over, for suspense is more trying on the nerves as a general thing than actual defeat.

# "CAPITAL AND INDUSTRY - KEEP OUT!"

WOULD YOU, AS A PATRIOTIC CITIZEN OF OREGON, PLACE SUCH A SIGN ON THE BORDERS OF THE STATE?

That is exactly what you will help to do if you do nothing to prevent the passage of measure No. 314 and 315 on the November ballot entitled, "Constitutional Amendment Fixing Legal Rate of Interest in Oregon."

This measure proposes to limit the rate of interest in Oregon to 5 per cent. You can, by law, fix the rate of interest in Oregon, but you can not, by law, force the loaning of money in this state, when a much higher rate can be secured elsewhere. The passage of this measure would force the withdrawal of the millions of foreign capital which is today loaned on factories, business and real estate in the state and send your local money owners outside of the state to better investments.

Passage of this measure would mean foreclosure of thousands of mortgages; would result in financial paralysis, and would mean widespread unemployment.

You, no doubt, understand the viciousness of this measure, but have you talked to your neighbors and friends about it? We urge you to do everything you can to defeat this measure. Oregon's reputation as a sound state for investments requires that this measure be overwhelmingly defeated.

# As a Citizen of Oregon You Need The Port of Portland.

If you owned a store you could not make a big success unless your business methods were as modern as your competitors. Unless Oregon develops her shipping facilities she cannot expect to get her share of the world's business. It rests with the citizens of this state whether Oregon shall develop her wonderful resources and reach out for bigger markets, or remain practically an inland state.

To become a real port, a 30 foot channel must be dredged in the Columbia and Willamette rivers from Portland to the Pacific ocean. This will enable farmers, stockmen and lumbermen in the interior of the state to reach the markets of the world at a lower freight rate and greater profit to themselves.

The taxing and bonding power to make these improvements can be granted the Port of Portland only by the people of the state. You and every other citizen will benefit if you, on Nov 2,
