The Electrical Comedy Co put on a show in the city hall last Monday night. The music was good. The violinist was an artist and could almost make his violin talk, and when it came to impersonating a bashful young greenhorn, he would be hard to beat. Aside from that the show was not up to the standard and much adverse comment has been made upon it. They talked as if they might come again, but if they do come back we prophesy for them a very slim house. More than that, when the company left, many of the light globes that were in the hall were missing. What became of them is not definitely known.

Guy Bramwell and family of Brownsville, came over Thursday and spent the day with his parents.

A meeting of the Linn County Pioneers' Association has been called to be held at the Community House in Albany at 2 o'clock p m, on Wednesday, Dec 8, 1920, for the purpose of organizing at that time a Linn County Memorial Association, whose principal object shall be to make the necessary arrangements for the erection of a suitable monument in memory of the heroic pioneers who crossed the plains and established the first homes in this county. It is hoped that a large number of the descendants of these pioneers be present at that time to aid with their counsel in preparing the plans for this work. The call is made by A M Templeton, Pres Linn County Pioneers' Association.

Mr Kessell of Harrisburg has made arrangements to put on a moving picture show in Halsey every Thursday night if the venture proves a success. He is the manager of the Rialto theatre in Harrisburg, and to make his plays uniform he has named the city hall the Rialto Theatre for that night. His first show will be next Thursday night. We predict for him abundance of success provided he puts on clean pictures, that have a good moral to them, but if they run to lewdness and a tendency to excite evil passions of any kind, the better class of people will not patronize them. Here's hoping.
