The luncheon Saturday evening at which our High School young people entertained the Albany visitors was a happy event. Prof H F English presided as toast master with some well chosen remarks into which he mixed equal parts of wit and fun and was followed up by others from both sides, along with some fine music by our home girls. All of which was very much enjoyed by those present.

Sunday morning at 11 o'clock the union service brought out a large crowd. The three young men, Irvine, Sox, and Brown spoke on the subject, The Student and the Christian Life, in a convincing and impressive manner. The young ladies from Albany spoke to a good meeting of young ladies in the afternoon. The subject was, Playing Fair. At the young men's meeting the work of the High Y was explained to our boys.

The good people of our town and community gave freely of their eats and money and entertainment to make this meet a success, all for the good of our young people.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F.
