The Halsey Enterprise REVIEW OF WORK OF **OREGON LEGISLATURE**

6

Final Week of Session Commences With Usual Jam of Unfinished Business.

Proposed Special Election June 7. A bill providing for a special state election on June 7 was introduced in the senate. The election would afford the voters an opportunity to pass up on the several constitutional amendments which have been and are yet to be referred to the voters by the present legislative session. Among these problems are soldiers' bonus, the department of hydro-electric power and extension of the legislative session to Oregon Nurse Writes That 60 days.

Oregon's delegation in congress was memorialized by the legislature to procure the enactment of legislation which will provide ships or cargo space for supplies for the sufferers in China and the near east. Logged-Off Land Bill Passes House.

Development of logged-off lands in Oregon through the creation of loggedoff land districts, similar in character to irrigation districts, is provided in a bill which was passed by the house with but one dissenting vote.

Members of the house from coast counties championed the bill when it reached the house. It was asserted that through the passage of this bill thousands of acres of land now useless could be transformed into productive agricultural la.ds, increasing the value of such lands and also the tax value, which would bring additional revenue to the state.

The bill provides for the creation of logged-off land districts in Oregon through petition to the county courts and the holding of elections, at which authority can be granted not alone for the creation of districts, but also for the issuance of bonds.

State Aid For Power Plants.

Amendment of the constitution so as to allow the state to lend its credit and incur indebtedness in an amount not to exceed four per cent of the valuation of all assessable property for the purpose of providing funds with which to acquire, construct and develop hydro-electric power plants, and generate and transmit the power for use at a reasonable rate, is provided in a senate joint resolution introduced by Senators Joseph and Norblad and Representatives Bean and Woodson.

sold at such price as will tend to promote the industrial development of the state, and with a view to ultimately repay to the state all moneys invested in such development.

For the purpose of handling the bonds necessary to carry out the in- and cold they are desperate. of banks.

of all of the taxpayers, instead of fro: a selected list, as at present, was de feated.

An effort to amend the Oregon stat utes to require all women seeking to obtain marriage licenses in this state to submit to a physical examinatio as is required of men was defeated in the house

Organized labor won its first battle of the present legislative session when it succeeded in indefinitely postponing Representative Hosford's bill repealing the "lawful picketing act," passed by the 1919 legislature.

North China.

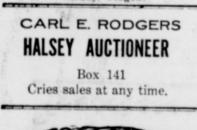

That a steady diet of ground-up corn cobs and sweet potato vines is not conducive to an ideal physical cond tion is attested by Miss Marie Rustin graduate nurse, well known in Oregon who is now in charge of the Taylor Memorial bospital, under the manage ment of the American Presbyterian mission at Paotingfu, China In a letter written by Miss Rustin

less than eight weeks ago to the mem bers of the Sangrael Christian En deavor society of the First Presbyter ian church in Portland, Miss Rustin tells of the appalling conditions throughout North Chipa, where 45, 000,000 men, women and children are confronted with starvation and where 15,000 are dving daily. Miss Rustin has been at Paotingfu for about three years and for many months past, like all other mission attaches and relief workers in China, has been concentrat ing all efforts on the task of lessening the suffering of the famine victims.

2 cans of clams

While Paotingfu is on the outskirts of the great drouth-ruined famine dis trict, just south of Pekin, Miss Rustin writes that even there all the missions and relief stations are literally swamped with the supplications of many thousand men, women and children who are half-clad in thin rags, weak from undernourishment and struggling desperately to keep alive on roots, bark or anything that offers sustenance. The situation in the heart of the famine section, she says, is simply beyond the imagination.

'We are doing all we can," writes Miss Rustin, "here in our hospital trying to build up the weakened bodies of famine sufferers who come to us in frightful condition. We are getting patients who have been trying to live on ground-up corn cobs and sweet potato vines. We have all been asked Provision is made in the resolution to give until it hurts, and now that it that any plant so constructed under has grown so cold we do not dare to the terms of the amendment shall be think of freezing, starving thousands right at our door. In going to a soup kitchen where we feed 670 people twice a day, I was surrounded so by the poor creatures that I thought they would crush the life out of me before I could get in and coming out it was the same way. They are so hungry tent of the act, there is provided a ally I have gone without \$3 worth of hydro-electric power commission to milk a month that I used to use, do be composed of the state engineer, at. not eat butter at all and have only torney-general and the superintendent eaten bread once a day for the last three months, in order to give to the famine poor. Through this personal sacrifice I have the joy of knowing that three girls who might have been sold Oregon has been begun through the have been saved from a life of shame and misery and that one man will be "A friend sent me a check the other day and I was able to save a girl from being sold and she will be put in school. Things are being started to help these pour souls, but there is a long, hard pull until the harvest time. the new constitution all provisions in You can all help by giving to the principle that the people have voted China famine fund and share in the into the present constitution, and the great opportunities of saving life and opening the way for Christianity, for the Chinese people will surely be interested in what we have to tell them of the gospel if we are good to them. now in their great trouble. State Manager J. J. Handsaker, in years in which to complete its work. charge of the executive work for Oregon for the combined China-Near East campaign, 606 Stock Exchange building, Portland, says the situation is no less serious in the near east than in China, and liberal funds must be raised for both causes if wholesale death by starvation is to be prevented, or even lessened.
