HALSEY NEWS NOTES

ALSO ITEMS OF INTEREST FROM EVERYWHERE

Bank Broken Into.

Some party or parties broke into the Bank Monday night. They broke in by prying open the front door with a jimmy. They went into the back room and undertook to bore into the safe but didn't get much more than through the out edge of the ceiling when the drill broke and they left, going out through the back door. They broke into the blacksmith shop and got the tools to work with, which they left in the bank, with the exception of a sledge hammer which Mr Salash says is still missing. Nothing else in the bank was bothered.

The same night these same parties or somebody else broke into E B Penland's garage and took his Studebaker Six and departed with it to parts unknown. Up to Tuesday evening no word had been heard from it.

Lake Creek Community Club Has Meeting

The Lake Creek Community Club of the Linn county farm bureau met at the special appointment of County Agent A C Heyman on Tuesday evening March 22d.

Mr Heyman made a very impressive talk on the origin of farm bureau work on the development of County Agent co-operation in general. He also expressed himself as being well pleased with the outline of projects as adopted by the Lake Creek Community.

The organization voted to hold its regular meetings on the 24 Friday evening of each month. A special meeting however, is to be arranged for shortly whereby some Extension Service men from the College will explain fully the need of some projects not now adopted by the club.

With the adoption of these plans the organization expects to have one of the best associations in the county.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.
