Wednesday afternoon a young man by the name of Everett Robinson, who is working for his uncle, F M Robinson, was up in the hay loft getting some straw to build some hens' nests, when he slipped and fell from the loft to the floor lighting on some kind of a snag which pierced the lower part of his body. A doctor happened to be there, having been called on account of F M Robinson's father being sick with pneumonia, and gave him the necessary service, and it is thought the young man will get all right.

The contest in the Christian Sunday school between the Wildcats and Gunpowders culminated in a draw, so both sides will have to help furnish the feed. It is probable there will be a picnic in connection with it also although I am not speaking officially in the matter. We hear the school more than reached the goal they set before themselves at the beginning of the contest.

Late Tuesday Sheriff Kendall was notified that E B Penland's automobile, which was stolen Monday night from his garage, had been left in the mud nearly two miles from Shedd. Mr Penland was notified and he went and got his car. This was one time when the mud proved to be a blessing, for it was because the car was stuck in the mud that it was recovered. A crowbar and Mr Penland's overcoat was left in the car but a blanket was missing.

Roy Miller from Harrisburg, was a caller in Halsey Tuesday. While here he called at the Enterprise office and renewed the subscription of Mrs Earl D Stewart of Kaskela, Oregon. We appreciate such visits. We would be glad if a number of our citizens would send a subscription to the Enterprise to some of their relatives or friends who are interested in this community but have moved away.

Methodist Church Notes

SUNDAY SCHOOL

The Ideal Christian.
As ye would that men should do to you, do ye also to them likewise. Luke 6: 31.

To take, not men but Christ as the model and to live every day in the practice of his teachings. In other words Christianity in action. Paul was not a mere theorist. He preached a gospel with a Savior able to save men so that they would think and act and feel as a brother; honestly striving to be worthy, as men may, of the heavenly Father. And Paul in his personal living was an illustration of the sweet, pure, strong, beautiful, vigorous doctrine that he preached. The Bible words of this lesson will be very helpful for the splendid company of young people who made the start in the meeting. May many more come and find the Christian church they can best work in, and move forward for the advancement of Christ's kingdom.

Bro Cook is a very busy man. Monday p m he began instructing the new class of 20 children in their new profession. Tuesday evening he had a class of 20 young people for like instruction. This Wednesday night a meeting at the church for everybody. It is the solemn duty of every one to help our young people for they will have many temptations to overcome.

Quite a number of our people are planning to attend the Benard meeting at Coburg Friday night.

The W F M S will meet this Friday p m with Mrs Sneed.

The caterer is Mrs Wesley.

CONGRESSMEN FAVOR FILIPINO INDEPENDENCE

Congressman Edward J. King of Illinois.

Washington.—"The appointed hour is here; let the Philippines be free." This was the keynote of a speech by Congressman Edward J. King of Illinois, (Republican) in which he reviewed the American occupation of the islands from the first day to the present time. He declared that the United States was honor bound to grant independence without further delay.

Congressman King is one of an increasing number of Republicans in the House who are urging quick action on Philippine independence. Mr. King is the author of a bill which provides that within one year the Philippine government, under presidential proclamation, may assemble a convention and frame a constitution.

After the constitution is ratified by the Filipino people the President may recognize the Philippine islands as "a separate and self-governing nation." The transfer of authority is to be completed within one year. Provision is made for safeguarding American investments in the Philippines and for the providing of coaling stations and submarine bases in the islands by the United States.

Word from the Philippines is that the people expect early independence and will be sorely disappointed if they do not get it.

"No nation has the right," said Congressman King "to hold another people in peonage, even though it may be argued by the professoriate that the condition is simply one of 'tutelage.'"

"A little more observance of the golden rule in national and international affairs would soon dispel that desire for exploitation, the fiercest foe of freedom in the world today."

"When we went to the Philippines we declared before the whole world that we were not actuated by any selfish desire of conquest or territorial aggrandizement, but solely by humanitarian impulses."

Congressman King called attention to the fact that Filipinos are now raising funds to erect a monument to Admiral Dewey, which he said was indirectly a tribute to the American people as well as to Dewey. He recalled the cable that Dewey had sent to President McKinley, which was as follows:

"In my opinion these people (Filipinos) are superior in intelligence and more capable of self government than the natives of Cuba, and I am familiar with both."

Congressman King then recited the preamble to the Jones law, passed August 29, 1916, and declared it was a definite pledge of independence. The preamble stated "It is as it has always been the purpose of the people of the United States to withdraw their sovereignty over the Philippine Islands and to recognize their independence as soon as a stable government can be established therein."

Congressman King stated there was no question but that the Filipinos had established the specified stable government and, therefore, it is the solemn duty of the United States to grant the promised independence.

ASKS INDEPENDENCE FOR PHILIPPINES

Manila.—Francis Burton Harrison, former governor general of the Philippine Islands, offered to tender his resignation eighteen months ago upon condition that the Secretary of War recommend to President Wilson that a Filipino be appointed his successor. He made the offer while in Washington in 1919.

Discussing Philippine independence, the governor general said:

"I can see in the future a very beautiful vision. When the flag of the Philippine republic shall be hoisted, when the Stars and Stripes will come floating down to the strains of 'The Star Spangled Banner'—that flag, Old Glory, so rich in happy and honorable achievements, will be made doubly dear because it will mean that the United States will have kept its word to the people of the Philippine Islands."
