We reported last week about the two dope fiends who broke Dr Marks' window. The same two, George Howard and Morris White, on Friday threw a knife through a \$250 plate glass window in Dan Mason's store in Junction City, and it seems that they did it that they might be arrested and sent to the penitentiary where they hoped to receive medical treatment for the morphine habit. They were arrested and taken to Eugene. What the outcome will be remains to be determined later.
