says the Good Judge

That you get more genuine satisfaction at less cost when you use this class of tobacco.

A small chew lasts so much longer than a big chew of the ordinary kind. And the full, rich real tobacco taste gives a long lasting chewing satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

The farm residence of R S Acheson burned down Wednesday morning of last week. Mr Acheson built a fire in the kitchen range and went out to the barn to attend to his chores. It is thought there was a defective flue, for when Mrs Acheson arose the house was burning and had got beyond control. The two boys had to jump from the up stairs window to escape the flames. There was nothing saved from the building except the family. The neighbors arrived in time to save the pressure tank and the lighting system which were located in another building. The barn and garage were also saved. The house

was about five years old and there was \$1000 of insurance carried.

**BOARDING HOME FOR BABIES**

Institution in England Had Its Inception in the Shortage of Houses and Housemaids.

A small private hotel for babies is the latest idea of domestic life. The baby gets a change and the mother gets a rest.

The baby's hotel or boarding house is the product of the shortage of houses and nursemaids. Parents have been forced into hotels and furnished apartments, and as many hotels have not the conveniences of the nursery, the baby's hotel, where he or she may be received as a paying guest, is making its appearance. There is, of course, accommodation for the baby carriage.

Two certified nurses conceived the idea. They have established a nursery in Hampstead, London. The walls are decorated with ducks and chickens, and each little guest has a white cot with curtains. A medical man and a dentist are in attendance. The tariff is about \$13 a week. The little guests may stay a week, a year, or merely for the week end, while their parents go house hunting or holiday making.

"A young war widow, who has resumed her former post as secretary, brought her baby to the nursery, and Saturday afternoon and Sunday they spend happy hours together, while another woman left her little one in our charge while a he rejoined her husband in the tropics."—Continental News.
