Entered as second-class matter October 3, 1912, at the postoffice at Halsey, Oregon, under the Act of March 3, 1879.

Some fall wheat is already in the shock and many fields are almost ready for cutting. Harvest is upon us.

The hay crop in this section is unusually heavy and loads of low hay are being hauled to town. The bailers will soon be at work in the country.

The hum of the scarifier was heard on Tuesday and Wednesday and the graders are completing their work on Second street. Geo. Pugh of Brownsville is directing the work. This long expected occurrence proved a great attraction and had "the robbers" known it many stores were unguarded while our business men assisted from the sidelines.

The last issue of The Brownsville Times was the first under the new management, J. R. Hinman of Astoria, having purchased the plant from Fred Brown. Mr. and Mrs. Wm. Wheeler who have run the paper for the past two years will enjoy a few weeks vacation before re-locating. Mr. Hinman is a newspaper man of experience and promises the readers of The Times an up-to-date paper.

Methodist Church Notes

Sunday School, The Conversion of Saul. This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners; of whom I am chief. 1 Tim. 1:15. Leading thought. The greatest sinner can be saved by Christ. "Stronger and better than the desire to be saved is the desire to save." When one truly prays to the living God he need no longer be feared as a worker for the devil. Mutual love for Christ makes all men brothers.

Our Booster girls held their good-time business meeting last Friday p. m. at the home of Amy Porter. Plans were laid for some good work for the coming month. Nice refreshments were served and some games played. Ten of the girls were present and their teacher, Mrs. Mornhinweg. On Tuesday evening these girls entertained the Baraca Junior boys at a picnic party at Hetzel's grove. Special features were some nice games, boat riding and stories told around a bonfire. Ice cream and cake were served. There were eighteen from the two classes present besides eight grown-ups. The evening closed with the preacher having a blowout on the way home.

Last Sunday p. m. the rite of baptism by emersion was administered to LaVelle Palmer and Hazel Davis in the river near Brownsville. A number of our people attended. These young ladies were taken into full membership in the church that evening.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
