"You may be Sure"
says the Good Judge

That you are getting full value for your money when you use this class of tobacco.

The good, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often—nor do you need so big a chew as you did with the ordinary kind.

Any man who has used the Real Tobacco Chew will tell you that.

The Easiest Way To Gain a Fortune

Speculation and chance-taking are necessary to progress. So are thrift and sound investing.

The really wise individual never risks everything on a single hazard. He may use some of his funds for new promotions and uncertain ventures, but a substantial portion of his money he invests for safety, and sure, regular, dependable returns.

To the man with small capital, or no accumulations, the road to financial independence lies in systematic saving and wise investment in conservative, seasoned securities.

The regular, persistent saving and sound investing of small sums is, after all, not only the most certain, but the easiest way to gain an income-paying fortune. Just how this method works out is described in our booklet, "THRIFT WITH A SMILE," which will be sent free upon request.
