## RUPTURE EXPERT HERE

Seeley, famous in this specialty, called to Albany

F. H. Seeley of Chicago and Philadelphia, the noted truss expert, will personally be at the 'St. Francis' hotel and will remain in Albany the coming Wednesday only, January 18.

Mr. Seeley says: The Spermatic Shield will not only retain any case of rupture permanently, but contracts the opening in 10 days on the average case, being a vast advancement over all former methods—exemplifying instantaneous effects, immediately appreciable and withstanding any strain or position, no matter what the size or location. Large or difficult cases, or in occasional ruptures (following operations specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatment or prescriptions. Mr. Seeley has documents from the United States government, Washington, for inspection. He will be glad to demonstrate without charge or fee them if desired. Business demands prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the federal state courts.—F. H. Seeley.

### Church Canvass

The every-member canvass will be the chief feature of Christian church activity next Sunday. As many pledges as possible will be taken at the morning service and those not secured then will be taken by teams of canvassers in the afternoon. Members are urged to be at the 11 o'clock service; this will make the number of people to be visited in the afternoon comparatively small.

The canvassers will have a lunch at noon, and will receive instructions as to how they will carry on their work.

C. F. Swander of Portland, for years our state secretary, will assist in the canvass. He will occupy the pulpit both morning and evening.

### The Study Club

The members of the Study club spent a very pleasant and profitable afternoon last Thursday at the home of Mrs. D. S. McWilliams. The lesson, given by Mrs. English, was greatly enjoyed and an interesting reading was given by Mrs. Smith. It was decided to take up the study of the government of Oregon, in conjunction with the history, Mrs. Templeton taking charge of the outline.

Mrs. Stafford sang two selections that were much enjoyed.

The hostess was assisted by Mrs. Smith in serving refreshments.

The club will meet the 19th with Mrs. Huston and Mrs. Templeton, at which time Mrs. Walton will give the lesson.

### HOMES FOR U. S. MEN

Coblentz Provides Apartments for Families of Yanks.

**United States Army Officers' Wives and Children Get Modern Homes Built by German City—To Relieve Crowding.**

Coblentz—Apartment houses built by the municipality of Coblentz, aided by the German government, were opened recently for accommodation exclusively of officers of the American forces in Germany and their families.

The purpose of the houses is to relieve the crowded condition of the city, which has been a problem ever since the allied troops reached the Rhine.

There are 82 apartments of five rooms each, and all modern conveniences in the new buildings now being taken over by the American families. Work on these apartments was started about two years ago to alleviate, as the Germans put it, "an unbearable situation," as "no roof is large enough to cover two families." Additional quarters for noncommissioned officers and their families are also under construction.

Allied army officers say that the population of Coblentz perhaps has been harder pressed by the army requisition of quarters than any other occupied city. All available space for offices and billets has been under requisition for nearly three years, but German officials hope the new apartment houses will considerably improve the present crowded condition of the city.

In Coblentz there are about 3,000 rooms under requisition by the American army, the general policy of billeting being similar in all the zones as occupied by the French, British and Belgians. In the majority of cases, allied families have been quartered in the same houses or apartments with German families, the allied families occupying a separate part of the house so far as practicable, and using the kitchen and bath in common with a German occupant.

As a consequence, disputes have arisen, and the town major, or billeting officer, is often called upon to settle them. These disagreements almost invariably have their origin in the joint use of the kitchen. Because of this difficulty, the policy has universally been adopted of installing, wherever possible, a separate kitchen for the allied family.

Generally, when a house or apartment has been taken over, the Germans have been permitted to take their furniture and personal belongings with them. In the American area it is stated, however, that only in exceptional cases have Germans been required to vacate their homes or apartments entirely. One eight-room school building in Coblentz was requisitioned exclusively for children of American officers.

### To Stop Mine Fires.

A new method of checking fire in mines is by means of boxes of fine rock dust suspended across the roof of the tunnel. Any shock due to an explosion is sufficient to cause them to break away from their supports, and the finely divided dust falls into the passage and prevents the flames from spreading.

### TIRES OF LIFE ON LONELY ISLE

Woman Is Glad to Return to Civilization After Seven Months in South Seas.

### WANTS PRETTY THINGS

Looks Forward to Shopping Tour After Working on Lonely Copra Plantation With Husband and Friend.

Honolulu.—Mother Eve must have had a fearfully dull time if Eden resembled her home in the South Seas, according to Mrs. W. W. Meng, who has returned to civilization sated with seven months of loneliness, barefoot freedom, moonlight on coral strands, and parrot chatter in sun-baked palms. She and her husband lived an Adam and Eve existence for 200 days on Palmyra, a tiny island knoll 1,000 miles south of Honolulu while they cultivated a virgin copra plantation. Their only neighbor was Edward Benner, who helped them with their work.

**First Question About Styles.**  
Mrs. Meng, who has just returned to the Hawaiian capital, believes that a few months is all the average white woman can stand of tropical ennui and isolation, so temptingly pictured by the mystic South Sea school of romancists.

Mrs. Meng's first question was: "What are the women wearing?" During all the time spent on the lonely isle she had read no newspaper or magazine; had seen no living soul except her husband and Benner, the family friend; no sail in the cloudless blue, and had had no message from beyond the briny horizon.

**Sick and Tired of Bloomers.**  
"I hope," said the woman from Palmyra, "that they aren't wearing bloomers in civilization, because I'm sick and tired of bloomers. I've been wearing them for seven months, and now I

She—With Seven Months of Loneliness.

want some pretty things. My first dissipation is going to be a shopping tour."

She had helped the men pick and cure the coconut meat (copra); had kept the primitive shelter looking tidy; had served the scrambled bird's eggs and devil-crab meat—and developed a deep distaste for bloomers and for the idyllic life of the novelists.

**Open Eyes Denote Rashness.**  
Wide-open eyes are said to be indicative of rashness.

### Brownsville Briefs

(Regular correspondence)

Alton Williams was canvassing Brownsville the first of the week for the names of our citizens to go into a city directory.

R. H. Robinson returned the latter part of the week from a visit with his daughter, Mrs. Hamlin, at Los Angeles.

Rev. Henry Myers was over from Coburg the first of the week and spent a few days with Mayor White and family and other Brownsville friends.

The Bible conference held here for a week under the direction of Dr. W. P. White of Portland closed Sunday night in the Presbyterian church with a capacity congregation. Two services were held each day with increasing attendance from the first. It was one of the greatest religious movements ever experienced in Brownsville and verified the statement of Dr. White that the people are hungry for the word of God. At the last session it was voted to have another conference next year and a committee of laymen was appointed to co-operate with the pastors to make all necessary arrangements.

Dr. W. P. White, who so successfully conducted the Bible conference here last week, preached three times Sunday—in the morning at the Methodist and in the afternoon and evening in the Presbyterian church. This, according to a statement made at one of the Bible studies, is the Doctor's idea of Sabbath rest.

Mrs. Clara McCoy came over from Corvallis last week to spend a few days with her parents, Mr. and Mrs. William Davidson.

A mathematics teacher has been added to the high school faculty in the person of Miss Ruth Thompson, from California.

Mr. and Mrs. Percy Sullivan welcomed a little daughter to the family circle a few days ago.

Mrs. Hays of Crawfordville spent a few days with Mrs. Guion last week while attending the Bible conference.

"Billy" Templeton, who has been so seriously sick for two or three weeks, was slightly improved the latter part of the week, but is again confined to his bed. He surely is having a serious time.

The Economy meat market, which W. T. Templeton was compelled to close on account of ill health, is now being run by Morris King.

The many Brownsville friends of Prof. A. H. Weber are sorry to learn that for several days he was unable to take care of his school work at Harrisburg owing to illness. He is reported better now.

John Talent was over from Salem a few days visiting his son Percy and brother Oscar, who are farming the R. R. Templeton ranch east of town. A brother of Mrs. Oscar Talent is also a guest in the home.

Mrs. Pansy Tindle Morris, who has been seriously sick for several months, eleven weeks being spent in a Portland hospital, is reported critically ill at the home of her parents, Mr. and Mrs. Frank Tindle, in South Brownsville. Her husband and his mother came, called by her serious condition. Mrs. Morris has a wide circle of friends in Brownsville who are longing for more favorable news from her bedside.

Among the most regrettable occurrences of the closing weeks of the year was the special session of the legislature.—Lebanon Criterion.

### Film Drama of Human Hearts, "The Barbarian"

The story of the primeval reaches of the north woods, characterized as a romantic drama of unusual beauty and appeal, "The Barbarian", a Pioneer attraction, starring Monroe Salisbury supported by an exceptional cast of players, headed by Jane Novak, shows Friday at the Rialto theater.

The production has been widely heralded by critics as one of the year's most notable films. It brings to the screen something new in the way of story, acting, direction, and settings. The story was written by Theodore Seixus, scenarized by E. P. Heath. Donald Crisp is the director.

### WILL SHE RULE HUSBAND?

St. Kevin's Cross, Glendalough county, Wicklow, Ireland, is the spot where St. Kevin was buried.

This is probably the most ancient cross in Ireland, and a legend runs around it to the effect that the lady who could make her arms meet round the cross would rule her husband. The picture shows a husband endeavoring to make his wife the ruler.

Why it is called Wall Street.  
Wall Street, New York, derives its name from the old wall that extended north to the old Dutch city and marked the northern boundary of the town of New Amsterdam.
