County Commissioner Thoms, candidate for a two-year term, was in town yesterday. He is just out from a wrestle with pneumonia in which he nearly lost out, but seems as keen and bright of eye as before that battle.

The seventh and eighth grade girls and teacher played a baseball game at the school grounds Tuesday against the freshmen and two senior girls. The latter won by a close score of 16 to 17.

The Brownsville legion proposes to present a reproduction, at a cost of several hundred dollars, of a battle with the Indians, as a feature of the pioneer picnic.

J. T. McNeil, after suffering for years with paralysis, ended the struggle Tuesday. He leaves what is rather to be chosen than great riches—a good name. What is more, he could not take the riches where he is gone, but nobody can prove that the good name does not go with him. "Their works do follow them." He was 69 years old. His wife and four children survive. They are Mr. Caddie Perry of Cottage Grove, Mrs. Elizabeth Simons of Eugene, Mrs. Sadie Perry of Seattle and Grant McNeil of Lake Creek. Funeral at Pine Grove today at 2, leaving Halsey at 1:30.

Miss Faith Adams of Brownsville, who teaches school in the western wilds of Lane county, was at home over the week end.

Political candidates are hereby warned that the editor of the Enterprise is able to control a large

vote in Linn county this year. It is a vote 22 inches long by 10 1/2 inches wide and there are a whole lot of names of good and bad people on it.

Mr. and Mrs. Charles Whitlatch and son, from their Portland home on a trip through California, Arizona and Texas by rail, stopped here Tuesday night with Mrs. Whitlatch's father, Grant Taylor.

J. W. Moore has bought the extensive Carey hay baling outfit and will overhaul it and bale hay the coming season.

What made H. C. Davis' smile more sunny than usual Tuesday? Answer: He was carrying around beautiful pictures of two little boys, grandsons of his, just received from Wisconsin.

D. O. Stevenson and wife and granddaughter, from the county seat, visited the gentleman's brother, J. A. Stevenson, here Tuesday.

Prof. English's infant class was out Tuesday with its mother and Mrs. West, the nurse, for the first time since its arrival in this city.

Meedames Haverland and Go'da and Hazel Ackerman visited Mrs. West at Prof. English's home Monday.

Jewett the Cobbler has at last elevated that new "Shoe Hospital" sign that John Standish painted some time ago.

The new Brownsville flume is in effect a big pipe made of wooden staves and hoops and follows the contour of the ground instead of being held up nearly level by trestles.

Work has begun on the new dye house of the Brownsville woolen mills.

Mrs. P. J. Forster received on Saturday from her daughter Blanche in Eugene a bouquet of roses of wonderful beauty, with a white carnation, for mother's day.

Her school being out, Delora Wells, Mrs. L. A. Pray's granddaughter has come for a visit.

The Brownsville baseball team defeated Albany high at the county seat Friday, 6 to 2. The winning team consisted of the two Overtons, Mitchell, McFarland, Turner, Robertson, Kitchen, Warren and Eggleston.

H. Bryant tells the Albany Democrat that the goat is about the most effective opponent to turn loose against the Canada thistle. Mr. Bryant is correct. A flock of Angoras will watch every thistle of any variety in a field and the moment a bud begins to show pink they will eat it and then wait for the next. With goats around, never a thistle seed can ripen. And, speaking of Canada thistles, if you have a heavy stand of them, put them in the silo just before

A Political Sensation

Gifford Pinchot has been nominated for governor in the Pennsylvania primaries, which means that the old ring which had been perpetuated from before Matt Quay's time to that of Boies Penrose has been knocked out, as the Newberry. New element was defeated by Beveridge in Indiana, and yesterday Oregonian had the following captions over a Washington letter: "Die-hard Solons are Weakening. Opinion on Isolation Policy Changing. Lodge is Not so Adamant. Senator Not so Irreconcilable as in League Fight. Leaders Coming Around. View Gaining Hold That United States Should Do Something to Aid Europe."

We might remark that Lodge was never adamant. He has changed policy every time the wind changed, and that was often. What he vociferously opposes one week he as vehemently advocates the next.

They are ready to blossom and you will have some excellent feed. Later than that the thorns will be too stiff and stock will shun them.

P. B. Beatty of Brownsville, candidate for the republican nomination for representative, was over over visiting Halsey friends Monday. His motto is "Less promise; more observance."

Messrs. Penland and Davis were at the county seat Saturday.

Mr. C. Hatton, manager of the Shell Oil company was looking after oil and gas interests in town Tuesday.

A seven-pound boy was born to Henry Rensch and wife at their home near Peoria on Saturday, May 13th.

C. O. Dryden and wife and daughter Dicksey drove up from Oregon City Saturday night and spent Sunday with Mr. Dryden's mother, Mrs. D. F. Dean.

Harold Stevenson and wife were over from Brownsville Sunday, visiting their parents in this city.

O. W. Frum and family spent Sunday with Mr. Frum's brother Ray at the old home place north of Brownsville.

Lawrence Wells was down from Eugene and spent the week end at his home northwest of town.

Mr. and Mrs. Arthur Foote, accompanied by Mrs. Eliza Brandon drove to the county seat Thursday.

George Maxwell has also entertained the "cleanup, paintup" idea, and last week had the insides of his rooms kalsomined.

C. H. Koonitz and wife were passengers to Portland Thursday, where they spent several days.

R. L. Winniford and wife were at the county seat Friday.

A. F. Goodbrod went to Salem Friday.

A new sawmill to work up oak, ash, maple and white fir into handles and other parts of tools is causing the building at Peoria of several residences for employees.

D. S. McWilliams and family and Earl Frum visited the county seat Saturday.

Peter Bither of Brownsville passed his eighty-third yearly milestone Friday.

One of the landmarks of Brownsville, the residence built by Rev. H. H. Spaulding in the 'forties, caught fire Saturday, but was saved by the fire department. The Times office, in that city, is on the Spaulding donation tract.

J. D. Irvine of Brownsville, who once was county commissioner and seeks the republican nomination for the full term tomorrow, says on his card: "County out of debt. We paid cash when I was commissioner. Can be done again." He was in town Monday.

W. A. Eastburn of Albany, candidate for the republican nomination for the unexpired term of Mr. Butler, which D. C. Thoms now holds by appointment, calls for "A business administration on strictly business principles."

B. M. Bond and his wife, mother and sister drove to Portland Friday, returning Sunday.

R. K. Stewart, chairman, and J. C. Bramwell, secretary and treasurer, of the board of directors of the Pine Grove Cemetery association, issue a call for cleanup day, May 23, at the cemetery, which everybody and especially those directly interested, are requested to attend.

J. C. Bramwell spent Monday at the county seat.

Miss Thelma Hayden Bowers arrived on today's noon train to stop with Mrs. Wheeler for a time.

TURNIPS

Customary Method is to Sow the Seed Broadcast and Trust to Luck for Good Yield—Store in Pits or a Cool Cellar.

(Prepared by the United States Department of Agriculture.)

Throughout the greater part of the North, the old settlers say, "Plant turnips the 25th of July whether wet or dry." While this is not absolutely true, it is customary to plant turnips the latter part of July on land from which an early crop of potatoes, beets, or some other early vegetable has been removed. The securing of a good stand of turnips depends, first, upon having the soil in excellent condition and, second, on weather conditions at the time of sowing the seed. Either extremely wet or prolonged dry weather will greatly interfere with getting a good stand of turnips.

The usual custom is to harrow the ground to a smooth, even surface, then sow the seed broadcast, trusting to

natural agencies to slightly cover it. If a light shower falls shortly after the seed is sown, this will not only cover the seed but give the plants a good start. Sometimes turnips are planted in rows with a seed drill and cultivated. This method is desirable, especially where the crop is grown in a small way, but the customary method is to sow the seed broadcast and trust to luck to bring a good crop.

Turnips may remain in the ground almost until it is cold enough to freeze the soil about them. If left too long, however, they become pithy. The usual method of saving turnips is to first pull them and throw them in piles, then with a sharp knife cut off the tops about one-fourth inch above the turnip. The turnips can then be stored in pits, being covered first with straw, then with earth, or placed in a cool cellar, the same as for Irish potatoes. Turnips in the pits will not be injured by moderate freezing, provided they are not disturbed while frozen. It is best, however, to place enough straw and soil over them to prevent them from freezing to any extent.

For the convenience of sportsmen the Southern Pacific company compiles authentic and up-to-date information regarding fishing in the various localities traversed by its lines. Weekly reports are sent in by agents throughout the system showing what kind of fish are plentiful, kind of bait proving most popular and size of catches made. This information is then compiled into circular form and sent out to all agents for the information of the public.
