**COSTLY "ECONOMY"**

Legislature after legislature,  
elected on platforms calling for  
"economy and retrenchment," has  
increased the waste of public  
funds pretty nearly to the limit.

Our member from this county,  
"longest in the house," has had a  
prominent part in this extrava-  
gance, being on the ways and  
means committee.

One big graft, the publication of  
the delinquent tax roll, was elimi-  
nated before he had become well  
versed in the game, and perhaps  
he voted for its abolishment. It  
allowed great sums of the tax-  
payers' money to be paid for un-  
necessary work to newspapers.  
No doubt those lawmakers ex-  
pected those newspapers to be  
friendly to them at campaign  
time.

The fool law requiring the school  
budget publication such as appear-  
ed in the last two issues of the En-  
terprise is one of these grabs. That  
budget would be quite as well  
placed before the voters of Halsey  
by making a couple of duplicate  
copies and posting them in public  
places. It is a difficult thing to  
put in type, such as publishers  
pay double price to printers for  
when paid for by the piece, but  
the Enterprise does not take ad-  
vantage of the last amendment to  
the law, secured by lobbyist em-  
ployed by the publishers in the  
state. That amendment permits  
publishers to charge 10 cents a  
line for the first insertion of legal  
advertisements and 5 cents for  
repetitions, instead of the previous  
legal rate of 5 cents for each pub-  
lication.

The Enterprise is satisfied to  
forego 33 1/2 per cent of the price  
allowed by law and considers the

straight five cent rate sufficient,  
but much as it likes to do the ad-  
vertising, and much as it needs all  
the legitimate business it can get,  
it frankly states that the law in  
this case requires an unnecessary  
expenditure of school funds.

Opponents of the primary sys-  
tem are telling how much money  
some aspirants found it "neces-  
sary" to spend to obtain nomi-  
nations, allee same Newberry.  
There's nothing new about that.  
Moneybags were quite as "neces-  
sary" before the present primary  
system was thought of. And men  
have been nominated under the  
present system who did not spend  
a cent. The fellow who wants to  
buy a nomination can make the  
effort under any system, thanks  
to federal court rulings.

Mr. Wilson's critics are very  
sure that he was in the wrong at  
the time of the invasion of France  
by Germany when he said the  
United States was "not concerned  
with the causes and the objects"  
of the war and therefore did not  
yet interfere, but they are certain  
that the present administration is  
right in declaring that we are not  
concerned with European affairs,  
nor with the massacre of Arme-  
nian Christians by the Turks,  
except as they interfere with our  
commerce. It makes a difference  
whose ox is ignored. Great is dollar  
diplomacy!

In his late years General Dan  
Sickles' wife left him. Afterwards,  
when he saw an opportunity to do  
her a kindness, he did it. A  
friend reproved him for such  
"weakness". The old general's  
reply revealed quite a bit of  
character and conveyed a lesson.  
He said: "I have never learned that  
it is a sin to forgive a woman."  
Chancy Sickles of Halsey is a relative  
of the general.

Judge Kelly has stopped the  
attempt of the Polk county com-  
missioners to divert \$43,000 from  
the market road fund for use on  
the Pacific highway. They will  
have to spend it where it will tend  
to develop industry and those  
who live off the tourist crop don't  
like it a little bit.

The Good Citizenship league  
of Brownsville evidently means  
business. The Democrat mentions  
Rev. W. P. Elmore and M. S.  
Woodworth as being at the county  
seat Thursday and says the league  
was consulting the district attorney  
and sheriff as to means of better  
enforcing the laws. More power  
to their elbows as long as they sail  
that course!

After knocking holes in half a  
dozen laws of good intent the fed-  
eral supreme court has taken a  
new tack and declared constitu-  
tional the law requiring the  
branding of part wool goods to  
show how much of their content is  
something else than wool and what  
it is.

The fellow who shot but failed  
to kill the arch-murderer of all time  
in Russia three years ago has our  
sympathy. But hope springs eter-  
nal in the human breast. Lenius  
cannot count himself safe yet. He  
is reported suffering paralysis as  
an indirect result of his wound.

They had a very successful auto  
race at Salem Saturday. One man  
was so severely injured that for a  
time it was thought he would die  
and another hurt, which furnished  
the desired thrills, and the gamblers  
who made the best guesses  
probably made a lot of money.

At Meatomora, Mich., last Thurs-  
day bandits who tried to rob a  
bank were treated rough. Police  
shot several to death. Such treat-  
ment is liable to injure the bandit  
industry.

**LEPERS IN HAWAII DECREASE**

Superintendent of Colony Declares  
Children of Patients Are Free  
from Disease.

Honolulu, T. H.—The leper settle-  
ment on the island of Molokai con-  
tains fewer patients than at any time  
in the last fifty years, according to  
J. D. McVeigh, superintendent of the  
colony. The decrease, he said, was  
due to the treatments with the chaul-  
moogra oil specific evolved by Dr. A.  
L. Dean, president of the University  
of Hawaii.

Practically all of the 485 patients  
at the colony now are taking the Dean  
treatment, Mr. McVeigh stated. In  
commenting upon the popular belief  
that the children of lepers are af-  
flicted with the disease, Mr. McVeigh  
said that "both mentally and phys-  
ically the children of leprosy parents  
measure up as well, if not better,  
than those of healthy parents."

Old Enough to Be His Mother, But  
It's Logical Thing to Do, New  
York Woman Says.

New York.—Mrs. Sarah Wright Mc-  
Dannold, founder and vice president  
of the Woman's Press club of this  
city, and her son-in-law, George Utie,  
planned to go before a city magis-

"Of course I know I am old enough

have been at the head of the house-

way we were business partners and  
were interested in the same things.  
It is the logical thing to do, and there

isn't any reason to make any fuss

**HIGH PRICE FOR CORN CROP**

Much Depends Upon Kind of Stock It  
Is Given to—Purebreds Make  
Best Returns.

Despite the low corn prices, there  
are many farmers disposing of all  
they raised at good prices, while oth-  
ers are getting less than market  
prices. It all depends upon the kind  
of stock that eats it. Purebred stock  
insures the best returns.
