**SCHOOL TARDINESS**  
**Upon Whom Shall the Blame Be Placed?**

Mr. English states that two rooms in the Halsey school were not standard last month, due to excessive tardiness. However, only a few pupils have caused this poor showing. In fact, in one room ten out of fourteen cases of tardiness were committed by one pupil. Obviously it is unfair to the rest of the students and parents of the community to have the standard of the school lowered by a few.

If the number of times late does not decrease it may be necessary to let the people of the community know who the students are that are responsible for the school's poor showing.

Parents, make it possible for us to send a good report to the county school superintendent.

**BETTY COMPSON in**  
**"AT THE END OF THE WORLD"**

All the men she had ever known were the 'guzzling, gambling rabble that drifted through her father's den in Shanghai.  
 But when she was left the prey of three who loved her—a wandering writer, a sailor and a thief—  
 Come and see the rivals' primitive struggle that ended—how?  
 A melodramatic film sensation of underworld, wreck and glorious regeneration. Suffused with the lure of the sea and the Unknown East.  
 Another heart-filling Betty Compson triumph like that in George Loane Tucker's "The Miracle Man."
