Don McGlashan Saturday bought a package of chopped beef for a stray shepherd dog that had been roaming the streets for days, lost, seeking its master, too proud to steal food and slowly starving. He found the dog at First and Broadalbin, spread the package open and stepped to his car. A big man walked to the meat and deliberately kicked it all over the street. McGlashan made a flying leap and proceeded to knock the big man into the middle of the street and threatened dire things unless the sport promised to pick up every piece of meat and return it to the dog. The fallen man got up, gathered the meat and replaced it and left, amid the cheers of the crowd which had

Thursday three travelers arrived on the noon train at Halsey, each of whom asked for a conveyance to take them to some point several miles distant in the surrounding country. On many other days travelers arrive who ask for a way to be taken into the county and to near-by towns. There seems to be no way of transportation which certainly needs better jitney service.
