GOALS

It isn't so much what a man has done,
As what he has tried to do;
It isn't the victories that he has won,
But the storms he has weathered through
With courage and faith and a cheery smile,
That make him a person so well worth while.

The man who has fallen has had his dream,
And maybe he saw a star
So high and so bright that his mortal scheme
Fell short of the gleam afar;
But if he has climbed 'til his strength is spent,
Then give him full credit for his intent.

It isn't the goal that a man may win
That counts the most in the score;
But the blows that have proven the worth of him,
In a million tests and more;
For it isn't always the man who leads
Who possesses the strength that the old world needs.

Brownsville Briefs

(By Special Correspondent)
The latter part of last week a part of a still and three barrels of mash were captured in the upstairs of Jim DeWolf's home in East Brownsville. Several bottles of moonshine were also taken in the home of Frank Tindle of South Brownsville. While these are serious offenses and both men will have to pay for the crimes they committed, it is, as so often happens, the families are the ones who suffer. DeWolf has 4 small children, one a tiny babe. All of them are under six years of age. His family bear the stigma of their father's crime. He has been suspected before, but has always managed to evade the law. It is to be hoped he will learn a much needed lesson by this. Tindle has a better reputation, and one naturally expects more from such men.
These are not the only men in Brownsville who are bootlegging these days. Recently a man dropped a pint bottle from his pocket in front of the theater. Of course it broke and the aroma from the liquid spilled was unmistakably that of moonshine. We need more conscientious officers who will not wink at the law, but enforce the law. The time to use your influence is this fall at the polls.
Another statute that is not being enforced is the cigaret law. It is nothing uncommon to see boys, below high school, smoking on the streets of Brownsville. Why don't we enforce the law?
The lecture Saturday night by Dr. Martin on "Evolution, or Hell in the High School" was well worth going a great distance to hear. Dr. Martin spoke for two and one-fourth hours, arguing that man was God-created, as Genesis tells us. When we quit hiring non-christian teachers, and quit electing non-christian school boards, then and then only will we cease to have evolution taught in the public schools.
Dr. Dean of Toronto, Canada, spoke Sunday afternoon on "Science and the Bible," proving that science was not antagonistic but coincided with the Bible teachings. That is, real science. He gave a good lecture and the Baptist church was full of an appreciative audience.
Friday night Dr. Bryant of Corvallis spoke to a full house at the Baptist church. His theme was God's great love. He is a splendid minister and we all enjoyed his sermon very much.
Sunday evening Dr. Shelton loaned his radio to the Baptist minister and installed it in the pulpit. At six o'clock we listened to a sermon preached in Portland by Dr. Volbers of the White Temple. In fact, we listened to the whole church services. Dr. Shelton is certainly liberal when it comes to the use of his radio. The Baptist people thank him much for this treat.
Frances Becker has returned to her home north of Brownsville after a

four-weeks visit with relatives in Portland.
Tuesday evening about 11 the Methodist church took fire and burned to the ground. The flames also took the parsonage, adjoining it, though most of the household goods were saved. Loss about \$20,000 with \$7,000 insurance. Crossed electric wires are the suspected cause. The fire fighting equipment was impotent. Bonds were recently voted for its improvement.
Mrs. Ed. Holloway of Brownsville took the train at Halsey for Portland Friday.
Born, Feb. 21, to Mr. and Mrs. John Farrier, a seven and one-half pound daughter.
Mrs. D. F. Dean left for her home at Bandon Saturday night, after an extended visit at the C. P. Stafford home.
(Enterprise Correspondence)
Miss Grace Matlock, who was sick with the measles at Corvallis, spent the week end here with her parents, Mr. and Mrs. R. N. Matlock. She returned Sunday. Miss Matlock is book-keeper at the J. C. Penney store.
Mrs. E. S. Marsters returned Saturday from a visit of several weeks at Klamath Falls with her daughter, Mrs. Dwight Smith. E. S. was waiting with a brand new buggy to take her home. He says there is only one buggy left in Brownsville.
