A gravel dredge dug it up 400 feet below the scene of the accident. Byers, however, proved to be a crook and is now in jail for robbery in California.

The boys' game ties Halsey and Shedd for second place in Linn county as each of them has lost three games and won three. This was quite a victory for Halsey, as only Corvallis has been able to beat Harrisburg. Toward the last of the game Harrisburg rooters tried to get Halsey's pitcher "in the air" but only succeeded in getting there themselves. Van Nice pitched the whole game and walked only two men. Halsey's lineup was: Pitcher, Kenneth Van Nice; catcher, Uriel Corbin; first base, Thomas Palmer; second base, Milford Muller; third base, Everett Corbin; short stop, Frank Koontz; center field, Wilbur Norton; right field, Thomas Miller; left field, Phillip Tussing. After the game the boys were treated at Clark's Confectionery, Mr. Clark having told the boys he would give them a treat if they would beat Harrisburg.

An old fashioned spelling bee concluded the program. The mothers present were Mesdames Hardin, Clark Smith, Will Carter, J. W. Moore, Shook, Brown, Isom, Sturtevant, Steinkamp, Armstrong, Zimmerman, Corcoran, Hayes and Beene.

Unbobbed Senior Girls—Victorious Ballplayers

(Agnes Hayes, Reporter)

In the latter part of this month three one-act plays, "The Revolt," "Miss Civilization" and "The Flower of Yeddo," are to be presented by the high school students. These are comedies and promise to be a very pleasing source of entertainment. The funds derived will go to the high school in general. Mr. English and Miss Leitner are directing this work.

There was much doubt in regard to the base ball games Friday, but the high school went to the field with hopes which were not to be thought questionable in the end. The boys, when they defeated Harrisburg, accomplished something that no other team in the league has done so far. Mr. Clark was so delighted with the outcome and the score, 1 to 2, that he treated the Halsey team generously after the game. Mr. Weber and Dean Bilyeu acted as umpires.

The biology class took some field trips this week to gather more information concerning pollination and the adaptations of plants and animals.

Another victory for the Halsey girls was realized Friday when they won the game with a score of 27-22 from the Harrisburg girls. This was the last game of the season for girls.

(By an Enterprise Reporter)

In the girls' game the lineup for Halsey was: Pitcher, Corcoran; catcher, Hayes; first base, Albertson; second base, Walker; third base, Reynolds; short stop; Carter and Williams; fielders, Hardin, Pehrsson and Seefeld.

Motor truck men say Dolbin is doomed. Horsemen raise fiery denial. One day Denver barred horses from streets. Next day Denver was dug from a snowstorm by the horse after all motors failed, and the ordinance was discarded. In Chicago 24,900 workhorse licenses were issued in the first three months this year, because horses are cheaper for short hauls. The oldest horse in the world, Clover, owned and driven nearly half a century by Rev. Uriah Myers, Catawissa, Pa., just celebrated his 52d birthday.

Nine hundred Chinese pheasants have been hatched so far at the state game farm near Eugene, according to Gene Simpson, superintendent of the farm. This is twice as many as usual at this time of the year, and is due to the early spring, causing the pheasants to lay sooner than usual. The same condition exists at the Corvallis game farm.

Approval has been given to new regulations for the sale of ripe timber on the former Oregon and California railroad and Coos Bay wagon road land grant lands. It was announced by the secretary of the interior. The sales of timber will be conducted through the local land offices at Lakeview, Roseburg and Portland and the regulations provide for disposal at public auction to be conducted by the register of the land office in the district in which the timber is located. In the event the government succeeds in disposing of the timber contained in the grant lands, the state and counties in which the timber is located will receive a sum which may be as high as \$20,000,000. At the prices realized for timber in previous sales the disposal of such a large body would bring more than \$40,000,000. Under the act by which this land was re-vested in the government the proceeds from timber sales are distributed on a basis of 40 per cent to the reclamation fund, 10 per cent to the general treasury, 25 per cent to the state and 25 per cent to the counties.
