## Bigger and Better Than Ever

Rebuilding the Home of the Pacific International Livestock Exposition

Above are pictured the new buildings, August 23rd, just one month after the fire. When people heard that the Pacific International Livestock Exposition at Portland had been destroyed, it was like a blow in the face. But the indomitable spirits who formed it first, who labored for its establishment and continuance were not daunted.

Within a few days, work had been begun on a new home, "bigger and better than ever," and now it is nearing completion. The contractors have promised to have it done and ready for occupancy by October 25th. And the great Exposition will open its doors to the public on the morning of November 1st with a larger and more beautiful show than ever in its history.

The new structure is modeled in general after the old one, for the arrangement and plan of the former one was hard to beat. The stadium has been enlarged, however, and forty feet have been added to its length, and the seating capacity has been increased to 7000.

The horse department has been enlarged and improved, as has the poultry department, while the boys' and

girls' clubs will have a department exclusively for their exhibits.

Magnificent animals from all over the United States will show what breeding and scientific care can do with the race of dairy cows. World record animals of various breeds are promised and the dairy department will be a union of beauty and utility not to be surpassed anywhere in the world. The breeders of cattle vie with each other for numbers and excellence, and there is always a sportsmanlike struggle in the show ring between breeders for the coveted blue ribbons.

Collected within the walls of the immense Exposition building are not only the finest dairy cattle to be found anywhere in the world, but hundreds of other animals, representing the time, labor and thought and work of centuries to bring them to as near perfection as the ingenuity of man can compass. Nor is this all. The products of the soil in their glory of color and fragrance, the accomplishments of the boys and girls in useful endeavor and other things worthy of study and enjoyment will be found at the Pacific International Livestock Exposition, November 1 to 8 inclusive.

Robert Parker pastor. Sunday school, 10. Preaching, 11. Junior League, 3. Intermediate League, 6:30. Epworth league, 6:30. Preaching, 7:30. Prayer-meeting Tuesday, 7:30.

### Church of Christ

Lon Chamlee Minister.

Last Sunday was the best rally day we have had, in many respects. The attendance was 83, the program was excellent and the "decorations" were gorgeous and were given to the preacher after the morning service. Everything farmers raise that is good to eat was included. The preacher had his car bulging out and running over when he went home.

Next Sunday at 10 a. m. the Bible school meets. There is a class for you.

The sermons for next Sunday are: "Galatians, chapter 1" and "Why I am Not a Denominationalist."

Our orchestra will be on the job next Sunday evening. Plenty of good music.

Lawrence Wells began his preaching career last Sunday at Lancaster. Strange as it may seem, that is where Clifford Carey, another Halsey boy, began preaching. We can only hope that Lawrence's success will be as good as Clifford's.

Delos Wesley of Tacoma has been visiting his grandfather, Delos Wesley of Second street, and his uncle Arthur.

A new cement crosswalk connects the Standish and Maxwell cement sidewalks. South of the postoffice a new cement crosswalk connects two board walks.

A lot of news and social gossip, standing in type, was crowded over when the big ad of the Blain Clothing company was received at the last minute. Nevertheless, it was welcome.
