 The sale of pianos and other musical instruments at the Davenport music house, Albany, at reduced prices continues, but will end Nov. 1. It is still advertised in the Enterprise.
 Mrs. Ella McHargue of Jennings Lodge, after attending the W. C. T. U. convention at Corvallis and making a visit to her son at Brownsville and other friends, returned on Monday's train to her home.
 Congressman Hawley, State senator, Sam Garland and Albany people interested are laying plans for an organization that will further the Santiam pass road on both sides of the Cascades.
 China pheasants are pretty numerous this year, and, as usual, many of them took to the hills and woods when the roar of guns proclaimed the opening of the hunting season. Most of the farmers prohibit hunting on their farms, but there are a few exceptions.
 The cucumber pickle season ended last week. The yield, on account of the lack of rain, is considered about three-fourths of normal. Most of the growers are renewing their contracts and the Albany plant will probably be enlarged to handle the produce of increased acreage. From 8 to 12 tons to the acre was the yield.
 The Murphy seed store, Albany, has received its second consignment of goldfish from Chicago. The fish arrived in perfect condition and the wires to which return tags had been attached indicated that the containers had made 22 previous trips carrying fish from the hatchery to dealers.

ed a little pheasant hunting. J. W. Clark has been employed at the Halsey Garage the past week.

\$41,252,350.00
Recorded Damage Due to State Income Tax

8	Timber purchases canceled or suspended	\$18,000,000
11	Construction of lumber mill, towns, logging camps and logging railways, abandoned or suspended	7,875,000
32	Other industrial investments canceled or suspended	4,578,000
	One year's operating pay roll on foregoing items	5,680,000
8	Disincorporations, \$4,606,000 capital. Damage listed 1-10 only	460,600
10	Actual removals from the state, including loss of only one year's pay roll	2,440,250
22	Threatened removals, including loss of only one year's pay roll	2,218,500
81	Cases as to which definite amounts are not available, but which would amount to many millions; damage listed as	0
34	Cases still under investigation; would amount to many millions; damage listed as	0
21	Cases in which reported removal or investment elsewhere was stated to have been caused by the income tax, but which cannot be verified in writing; damage listed as	0
	Total recorded damage	\$41,252,350

We have examined the signed statements and exhibits upon which the foregoing tabulation is based and find that the total of \$41,252,350 is a conservative estimate of damage properly attributable to the state income tax as a determining factor in influencing decision against Oregon investment in the cases listed. We also find that many additional amounts could have been included justifiably to the total, so that, making every allowance for possible overstatements in individual items listed, the actual loss of investment attributable to the state income tax is materially in excess of \$40,000,000.

High School Notes
 (School Reporter).
 The Frosh have been rather slow in selecting officers. However, they have profited by this delinquency, as they have become more acquainted with those most suitable to hold offices. The election results are: Mr. English, class advisor; Nora Coldiron, president; Majory Walker, vice-president; Roy Safley, secretary and treasurer.
 The popular sport of Chinese pheasant hunting claims its share of devotees from the high school, as well as from other sources. Most of the enthusiasts among the boys were trying their luck and their abilities early Wednesday morning.
 The seniors have spent much time discussing a play to be given by them soon. They finally decided to give "A Scrap of Paper."

HENRY NOLAN
 DEM. CANDIDATE FOR
County Clerk
 He believes in making a dollar of tax money buy as much as a dollar of private money. In keeping with this belief, he will, if elected, ask the next legislature to reduce the salary of the office from \$2,000 per year to \$1,600 per year, which is approximately an average of the salaries paid the various officers of Linn county.
 The county judge, commissioners, assessors and school superintendent, which are more important offices to the tax payers and harder to fill with competent officers, than the office of county clerk, are paid from \$1,200 to \$1,800 per year. Is not that unjust and unbusiness-like?
 \$2,000 per year is more than is necessary to pay to get the same class of service in the office as heretofore. Our county assessor and recorder are both fully qualified to fill the office of clerk, yet they are candidates to succeed themselves at salaries of \$1,500 and \$1,600 per year. As further proof that \$2,000 is an unnecessary large salary for the taxpayers to pay for this office, you are cited to the fact that some 8 years ago the present clerk took a reduction of \$500 per year rather than change to private lines of work.
 No private individual or company would think of paying 25 per cent more salary than necessary to secure competent help.
 If you really believe in economy and endorse his program, a vote for Henry Nolan will help you save dollars in tax money. (Paid Adv)

R. M. RUSSELL
County Clerk
 Candidate for re-election
 (Republican nominee)
 If elected I will give the citizens of Linn county and other patrons of the office the benefit of my experience and training and will continue to operate the office in the same efficient and courteous manner that I have in the past.
 "Efficiency, Economy and Courtesy" has been and will continue to be my slogan.
