Coots bay exported during March lumber products valued at \$137,735.

Willamette university elected Miss Lucia Lucile Card of Dallas to reign as May day queen.

A movement to have Jackson county vote again on a proposal to remove the courthouse from Jacksonville to Medford is under way.

Mrs. Fred Wagner, wife of a rancher residing at Cottrell, committed suicide by drinking poison. She had been in ill health for some time.

There are 24 cases of scarlet fever in Clackamas county, 14 of which are in Oregon City, according to Dr. F. K. Wallace, county health officer.

The Salem city council authorized an appropriation of \$1000 for erection of a community building on the Salem auto tourist camp grounds.

Kermit Roosevelt, son of the ex-president, will attend the 1925 Pendleton Round-up, H. W. Collins, president of the show, has been assured.

Norton Eddings, 72, next to the last survivor of the old stage drivers who were such picturesque and important figures in the early history of southern Oregon, died at his residence near Gold Hill.

A young cougar which had killed two year-old heifers on the M. E. Gruber farm was shot on the north fork of the Trask river by William and Homer Wilks and brought to Tillamook.

After ten years of effort directed to obtain a district office at Portland of the federal bureau of foreign and domestic commerce, that goal has been attained and the office will be opened July 1.

Four of the five state deputy fish wardens at Oregon City recently appointed by Warden A. C. Ross, have turned in their stars. The appointments had been protested by the state game commission.

Bids for construction of approximately 60 miles of road and construction of several bridges will be considered at a meeting of the state highway commission to be held in Portland April 23 and 24.

Bids on the new union high school building at Molalla will be opened by the board at that place April 20. The structure is to be of brick and two stories in height and will accommodate approximately 400 students.

Mgr. A. Millebrand, vicar general of the Catholic archdiocese of Oregon City, was named administrator in place of the late Most Rev. Alexander Christie. He will serve until an archbishop is selected by the Vatican.

An enlargement of the educational facilities at Chemawa Indian school at Salem was announced by the interior department. The grades taught will be increased from 10 to 12. The school has an enrollment of 553 pupils.

Klamath Falls mail carriers are now carrying pistols on order of John McCall, postmaster, because of attacks by vicious dogs. Six carriers have been bitten during the week, so they have been instructed to shoot all offending dogs.

The Michigan-Oregon Trust company of Muskegon, Mich., has bought a tract of timber one-half mile from Swishome, on the lower Siuslaw river, from Mrs. Maria White of Duluth, Minn. The tract contains about 5,000,000 feet.

George Putnam, editor and publisher of the Salem Capital Journal, has demanded that John Carson, district attorney of Marion county, start mandamus proceedings looking to the return of the state banking department to the state capital.

It was reported at Salem that an attack may be launched in the courts to annul the so-called cigarette tax law which was enacted at the recent

session of the legislature. The report indicated that the proceedings would attack the title of the act.

The annual conference of county agents of the coast counties of Oregon will be held in Astoria again this year. The meeting probably will take place the latter part of June. Agents from Coos, Columbia, Lincoln, Tillamook, Lane and Douglas counties are expected to attend.

Governor Pierce has appointed the members of the battleship Oregon commission, which was created by an act of the recent legislature. Members of the commission include Cora A. Thompson, Portland; Lefe Manning, Portland; Colonel Carl Abrams, Salem; Howard C. Waddell, Roseburg; Colonel U. G. Worrlow, Portland. This commission will assume full charge of the battleship after it arrives in Oregon waters.

A large tractor now being used by the bureau of public roads in widening the McKenzie pass highway between Sisters and the snow line probably will be used soon in an attempt to break the road over the snowbound summit to the McKenzie river slope.

Rabid coyotes are resulting in a loss of many valuable sheep dogs in the Hay creek country of Jefferson county. One sheep company has lost four valuable dogs in recent weeks. Rabid coyotes have been common in the stock country of central Oregon for several months.

Sustained yield of the forests of Oregon has resolved itself into merely keeping fire out of the reforested land and an inhibition against prohibitive taxes, according to C. B. Neal, supervisor of the Umpqua forests, who addressed a recent meeting of the Cottage Grove chamber of commerce.

J. A. Churchill, for the past 12 years state superintendent of public instruction, was elected president of the state normal school at Ashland at a salary of \$4500 a year. The contract covers a period of four years dating from January 1, 1926. Mr. Churchill's term expires January 1, 1927.

The Medford city council has voted \$250 to be used to pay the expenses of Oregon Agricultural college and University of Oregon experts in making scientific surveys for public buildings to be erected in Medford in the near future, including the sites for the proposed new \$300,000 high school building.

H. L. Neel of Fort Rock is in a Bend hospital, the victim of a sage tick, a carrier of the greatly feared spotted fever. So far as known, this is the first case of spotted fever, known to medical men as the Rocky Mountain spotted fever, reported in central Oregon this year. The fever frequently proves fatal.

Governor Pierce sent a telegram to Governor Richardson of California urging him to sign a bill recently passed by the legislature of California including in the highway system of that state a road from Beaver, Cal., to Malin, Klamath county, Oregon. This proposed road would connect with the Dallas-California highway.

R. B. Reeves of North Bend was elected president of the Brotherhood of American Yeomen for Oregon at the state convention of the order at Salem. Other officers were: J. J. Welch of Medford, vice-president; C. E. Albin of Salem, treasurer; Fred E. Schmidt of Pendleton, secretary; and Julia E. Moore of Eugene, chaplain.

Cancellation of state liens on unoccupied lands of the Deschutes county municipal improvement district was favored at a meeting of settlers of the Tumalo irrigation project with Rhea Luper, state engineer, in Tumalo. The cancellation of liens was recommended for the purpose of making the unoccupied lands attractive to settlers.

Aerial photographs of the city of Portland which will be made into a map showing 107 square miles of territory will be provided by the F. O. Mercer company, the city council deciding that such a map should be in the hands of the city engineer and that the price of \$200 was less than the city could have the survey work done for by its own office.

H. H. Corey, member of the public service commission, has returned from Washington, where he attended a hearing having to do with the proposed railroad development in central Oregon. The hearing was held under the direction of the interstate commerce commission. Mr. Corey pre-

Admiral Coontz, who is in command of the maneuvers of the United States fleet in the Pacific.

Jacob G. Schurman, minister to China, who has been named ambassador to Germany by President Coolidge.

dicted that an order in the case probably would be issued within the next 60 days.

Poisoning instead of shooting will be resorted to in the effort to kill crows which are molesting the nests of water fowl near Summer Lake, according to a decision of the Deschutes Rod and Gun club. The club had planned to organize a large party of Deschutes county folk to visit the lake and shoot the invading birds.

Members of the tribal council of the Klamath Indians appeared before Hubert Work, secretary of the interior at Klamath Falls with an urgent plea for his influence toward getting a \$3,000,000 government loan. As spokesman for the Klamath tribe, Seldon Kirk, chairman of the council, told of the hardships of his people in their efforts to farm their lands on the reservation, and declared that a government loan appeared to be their only salvation.

Following a conference of officials of the Oregon-Washington Railroad & Navigation company and of the state highway department, and an inspection of the ground, it was announced that the rail line contemplates driving shafts and boring tunnels just east of Mosier, where the action of subterranean streams causes a constant settling and shifting of the earth's surface over a considerable area. The tunnels, similar to those constructed west of Cascade Locks, where the rail line had to fight these same conditions, will control the underground flow of water. It is expected

**Meyers' Fight for His Salary**

Washington, D. C.—The administration planned for a vigorous defense in the supreme court against the attack by the senate upon the president's power to remove from office his own or his predecessors' appointees.

The president's case was presented by Solicitor-General Beck, who prepared a new brief to oppose that of Senator Pepper of Pennsylvania, for the senate, which contends that congress has full power over all government offices except those created by the constitution.

The controversy between the executive and legislative branches of the government will be fought out on the basis of a case arising from the removal of Frank S. Myers as postmaster of Portland, Or., in 1920 by President Wilson. Myers, who sued for back pay, appealed to the supreme court on the ground that his removal was illegal because the senate was not advised of the action until a successor was appointed.

The senate intervened in the case with the assertion that congress can impose the conditions under which the president may remove from office persons whose appointments must be submitted to the senate for confirmation. As expressed in a brief filed by Senator Pepper, it holds that in creating an office, congress can fix the tenure and determine how the appointment shall be made and how incumbents may be removed.

**France's Finances Are Scrambled**  
**Government Is Defeated in the French Senate By Ballot of 156 to 134.**

Paris.—After an adverse vote in the senate on his financial program, Premier Herriot resigned. Announcement of his resignation came almost immediately after the vote of confidence had shown him defeated by 156 to 132. The premier and his cabinet walked out of the chamber and there was not even so much as the formality of a cabinet meeting before a decision to quit was reached.

Denial of a vote of confidence came in the senate after hours of debate on the government's financial policy.

The government had been wavering for days because of the disclosures of inflation and government borrowing and the final push was given when Poincare carried the senate with him after a bitter duel with Herriot over his government's record.

This was the third time in French parliamentary history that a government had been overthrown by the senate.

The debate had the senate in such a state of effervescence as is seldom seen among the staid and stable senators.

Premier Herriot in his reply again mentioned France's foreign debts as weighing heavily upon the country's foreign policy and at times actually hampering her negotiators.

**For Hindenburg und der Kaiser**

Berlin.—The nomination of Field Marshal Von Hindenburg for the German presidency continues the subject of heated educational polemics in the Berlin and provincial press. The organs of the united right parties, which have chosen the war idol as their political champion, are supporting their nominee vigorously in the face of criticism by liberal organs, which are reproducing recent statements of conservative journals opposing the nomination of Von Hindenburg. Newspapers supporting the candidacy of Dr. Wilhelm Marx, ex-chancellor, nominee of the Weimar coalition, also are giving prominence to comment from the United States and from London. The field marshal's campaign managers are displaying abundant optimism in regard to his prospects of polling the highest individual vote in the elections of April 26.

Their campaigning effort will be concerned chiefly with locating the 13,000,000 eligible voters who were stay-at-homes during the elections to the reichstag December 7 and in the preliminary voting for a president on March 29.

**AWARD IS DECLARED FINAL**

President Coolidge Replies to Peru's Protest on Decision.

Washington, D. C.—President Coolidge informed the Peruvian government that he was constrained to regard his award as arbitrator in the Tacna-Arica dispute between Peru and Chile as "final and without appeal."

The communication pointed out that this action agreed with the terms of submission as signed by the two governments and also with the general principles of international law.

With reference to the request for American forces to supervise the plebiscite, the president points out that under the terms of the agreement already signed by Peru, the Chilean administration of the disputed territory shall not be disturbed.

The finality of the president's action is further stressed by a statement that he regards it as unnecessary to afford Chile an opportunity to present views in relation to the Peruvian memorial to which his communication is a reply.

Bellingham Saw Mill Burns.

Bellingham, Wash.—Fire of undetermined origin caused damage estimated at between \$250,000 and \$300,000 at the plant of the Puget Sound Saw Mills & Shingle company in South Bellingham.

uh-uh geometrical situation of the uh-uh—

He shifted restlessly in his chair, found his hands clenched into fists, and took refuge in watching the shadow cast by an oak branch outside the window on a patch of sunlight against the blackboard behind her.

During the early spring Dirk and Selma talked things over again, seated before their own fireplace in the High

During the Early Spring Dirk and Selma Talked Things Over Again, Seated Before Their Own Fireplace in the High Prairie Farmhouse.

Prairie farmhouse, Selma had had that fireplace built five years before and her love of it amounted to worship. She had it lighted always on winter evenings and in the spring when the nights were sharp. In Dirk's absence she would sit before it at night long after the rest of the weary household had gone to bed. High Prairie never knew how many guests Selma entertained there before her fire those winter evenings—old friends and new. So big was there, the plump earth-grimed baby who rolled and tumbled in the fields while his young mother wiped the sweat from her face to look at him with fond eyes. Dirk DeJong of ten hence was there. Simeon Peake,

**Ma Ferguson is Under Protection**

Cheyenne, Wyo.—Fear that "some outrage" would be perpetrated against the person or property of Governor Nellie Taylor Ross caused a guard to be thrown around the Wyoming executive mansion, N. C. Wachtel, state commissioner of law enforcement, stated.

Violence, according to Wachtel, was expected to come from quarters where Governor Ross' activities against liquor and narcotic vendors have been most strongly felt. Underworld characters who have been operating in Wyoming oil fields are at the root of the trouble, Wachtel indicated.

Governor Ross has been guarded constantly during the last week.

At the office of Governor Ross it was said she refused to take the matter seriously. Efforts to get her views were unavailing. "I have nothing to say because I've had nothing whatever to do with it," she said.

U. S. Per Capita Circulation \$41.99.

Washington, D. C.—Every man woman and child in the United States would have \$41.99 if the total of \$4,776,167,000 in circulation April 1 were divided, the treasury announced. Figures show a slight decline of money in circulation over March 1, when the figure was \$4,807,000,000, and from April 1, 1924, \$4,812,000,000.
